FROM WASHINGTON.

What Our National Lawmakers are Doing.

THE APPOINTMENT OF JUDGE JACKSON

Confirmed by the Senate—The Sherman 3 Per Cent. Proposition—The Cost of Mining Gold and Silver—Congressional.

Congressional Forecast.

WASHINGTON, Feb. 20.—The backward state of the appropriation bills lends serious interest to the remark that Senator Vilas dropped, during the long debate on the Sherman bond amendment, that there might be only a short interval between the adjournment of this congress and the assembling of next. There are two or three other matters of discussion still to come up in connection with the pending sundry civil bill in the senate, whose consideration has already consumed the best part of a week. Included among these is the proposed amendment in regard to the site of a new government printing office, around which many opposing interests seem to have entered and enlisted champions on the senate floor. After that bill is disposed of there is the legislative appropriation bill ready for action upon which there are a half dozen hot fights imminent. Then there are the pension and post office appropriations bills to follow. Both of these measures have been productive of many columns of eloquence in the house, and it is not likely they will be passed over lightly in the senate. Mr Allison has threatened night sessions of the senate to dispose of these appropriation bills, but experience has shown that it is impossible to hold the senate together in night session for more than one or two nights, and those are generally emergency nights at the very close of the session

The Nicaragua canal bill another fruitful topic of talk, is the unfinished business, and there is the Hawaiian treaty to be disposed of in executive session

The appropriation bills are also in a backward state in the house, owing largely to what threatened to be an interminable debate over the pension appropriation bill; and recourse will be had to rapid transit in parliamentary procedure by passing the agricultural and naval appropriation bills under suspension of the rules.

It is possible that the New York bridge bill, and the Utah admission bill may also come up under suspension of the rules.

The passing of the agricultural and naval bills will not be brought before the house until after the pension and Indian appropriation bills.

Mr Hatch is getting very restless over the delay in the rules committee on his request for a day for the anti-option bill, and it is almost certain that a move of some sort will be made by him this week He has not asked for an opportunity to pass the bill under the suspension of rules, and it is asserted by its opponents that he could not so pass the bill if he tried.

Two other courses are open to him First to get a special order of the rules committee giving him a day for his bill, and then to vote down the previous question as the silver men attempted unsuccessfully to do, and amend the order by making cloture a part of it; second, to move to go into committee of the whole to consider revenue bills. This latter course would put no court on the filibusterers, and therefore Mr. Hatch is not likely to take this course. If he did so the fight would be one of endurance between the friends and opponents of anti-option bill. Notice has been given that the car-coupler bill, with senate amendments will be called up next Tuesday

Judge Jackson's Appointment Confirmed.

WASHINGTON, Feb. 19.—If there was at any time a disposition on the part of the democrats to oppose the confirmation of Judge Jackson to be an associate justice of the supreme court of the United States, that opposition vanished when the senate went into executive session yesterday afternoon

Judge Howell E. Jackson.

There was not even the formality of a vote The executive journal was read containing the nomination of Judge Jackson, which had previously been read favorably, and when the president of the senate said "If there are no objections the nomination will stand confirmed" not a senator opened his mouth In this quiet way all the opposition disappeared and Associate Justice Jackson will, as soon as convenient to him, qualify for the place to which he has been appointed by a republican president.

The Special Commissioners of the Hawaiian Provisional Government.

WASHINGTON, Feb. 20.—Messrs Thurston Castle and Carter, of the special commission of the provisional government of Hawaii, spent yesterday in New York. They are expected to return to-day

This body of gentlemen has nothing to do now but await the action of the senate on the treaty to annex Hawaii to the United States now pending. If they take the next steamer from San Francisco for Honolulu Mr. Thurston and his associates must leave Washington a week from to-day at the furthest.

Mr. Paul Neuman, the envoy of the lately deposed queen, was confined to his room yesterday by a severe cold. He hopes to be out again to-day He said last night he had no engagement to meet the secretary of state or the president, but that he intended to call upon Secretary Foster at the earliest possible day after that official returns to Washington.

Mr. Sherman's Three-Per-Cent. Bond Proposition.

WASHINGTON, Feb 20.—Representative Holman was asked what would be the fate in the house of Mr Sherman's 3-per-cent. bond proposition, which the senate added to the sundry civil appropriation bill. He answered that the matter had not been discussed at all in the house, and therefore he could not say what was the judgment of that body in regard to it.

"The bill will come up in the house," he continued, "on Tuesday or Wednesday on its return from the senate. My opinion is that the bond amendment, with all other amendments, as a matter of form will be nonconcurred in, and will then go to the conference. Whatever the conference agrees to amend in the matter will doubtless be acquiesced in by the house But what that agreement will be of course I cannot tell."

The Cost of Mining Gold Much Greater than the Coinage Value

WASHINGTON, Feb 19.—Senator Stewart yesterday submitted an exhaustive report from the senate committee on mines and mining relative to the cost of production of gold and silver The conclusions drawn are that the cost of production of silver and gold is about equal to the established ratio of 26 6-10 grains of gold to 412 1-2 grains of silver, and that in both cases the cost of production, making account of all legitimate investments, is much greater than the coinage value.

John Marshall's Great Granddaughter Lying at the Point of Death.

WASHINGTON, Feb. 19.—Mrs Eugene de Mitkiewicz, the great-granddaughter of ex-Chief-Justice John Marshall of the supreme court, is lying at the point of death at her residence in this city. She is not expected to live the night through.

Death of Ex Senator George E. Spencer, of Alabama.

WASHINGTON, Feb 20.—George E Spencer ex-United States senator from Alabama, died at 10 o'clock last night at his rooms in this city Although he had been an invalid for a year or more, his death was unexpected

FIFTY-SECOND CONGRESS.

(Second Session.)

SENATE.

WASHINGTON Feb. 18.—By the methods of Vice-President Morton the senate almost escaped debate of the 3 per cent. bond issue amendment to the sundry civil bill which subsequently lasted for five or six hours As soon as the bill was taken up Mr Morton put the question on Mr Mills' amendment to make the bonds redeemable at the pleasure of the United States" and declared it lost, and then with equal celerity he put the question on the Sherman amendment and declared it carried.

Mr Stewart soon realized the situation and at his suggestion the whole question was reopened Some hours later when the question was about to be taken again an additional subject of controversy was supplied in an amendment offered by Mr Brice, and the debate upon it went on almost up to the point of adjournment when Mr Brice withdrew it

The Sherman amendment was agreed to: Yeas, 39 nays 16 The bill went over without final action

HOUSE

The ugly mood in which the house met yesterday was entirely dissipated to-day The session was void of interest. There was but one item in the post-office bill which gave rise to any discussion, and that was the one making an appropriation of $600,000 for special facilities on the trunk lines from Springfield Mass., to New Orleans. But the debate had hardly opened when further consideration of the bill was interrupted, and the House proceeded to pay fitting tribute of respect to the memory of the late Representative John C Warwick of Ohio

ADJOURNED SINE DIE.

The Wyoming Legislature Fails to Elect a United States Senator

CHEYENNE Wyo., Feb. 18.—The senatorial contest in this state is at an end The state legislature is also at an end They both died away together at noon yesterday The number of visitors at the capitol yesterday morning to witness the last joint ballot of the legislature ran into the thousands, and all displayed a nervousness, as it was known that if a senator was to be chosen for a term of six years he would have to be chosen by that ballot.

Republicans, populists and democrats all held separate and concerted caucuses for the most part of Friday night and nearly all yesterday morning, but about the only agreement that was reached was to adjourn sine die

As soon as the chief clerks of their respective houses had called the rolls, Snyder, a populist member from Johnson county, moved the joint session adjourn sine die. Chatterton, a republican, seconded the motion, and it carried, republicans, populists and fully a dozen democrats voting in favor of the motion

Yesterday morning it was discovered that Russell the Mormon republican senator from Uintah county, was found to have joined the New forces

Senator McCormick Friday night walked out of the republican caucus, saying that he was no longer a member of that party, but had joined the populists.

The republicans finding out how matters stood, made a deal with a populist, and when the joint session assembled adjourned sine die without taking a ballot.

This leaves the selection of a senator to the governor, providing it can be shown that such an action will be legal. If the governor can appoint, John C Thompson will undoubtedly be selected.

THE POPE'S JUBILEE.

St. Peter's Cathredal Thronged from Entrance to Altar.

SIXTY THOUSAND PEOPLE PRESENT

Within the Historic Old Pile, and Forty Thousand Turned Away—His Holiness Officiates at the Special Jubilee Mass.

ROME, Feb. 20.—At daybreak yesterday the pealing of church bells announced the celebration of the pope's episcopal jubilee By 6 o'clock thousands of pilgrims, priests and citizens were crowded before the doors of St. Peter's. At 5 o'clock two batallions of infantry in full uniform were drawn up before the cathedral so as to be ready to help the 200 or more gendarmes in preserving order The crowd swelled steadily but remained quiet, despite the tremendous pressure caused by some 5,000 ticket-holders in their desperate struggle to get near the doors.

At 6 o'clock the cathedral was opened and the foremost of the crowd swept in. Within half an hour the great building was packed to the steps. Thirty thousand pilgrims and 25,000 or 30,000 Catholics from this city gained admission Not fewer than 40,000 persons, many of them ticket-holders, were turned away by the military, who cleared the spaces around the building so as to prevent disorder when the services closed

The pope entered the cathedral at 9 45, pale, but smiling, and apparently in somewhat better health than usual. The cathedral rang with tumultuous cheering as the pope was borne toward the altar His holiness officiated at the special jubilee mass, intoning the opening words of the Te Deum and giving his blessing in a clear, penetrating voice. The mass lasted until 10 45, but apparently did not fatigue his holiness. He remained in the cathedral forty-five minutes after the celebration and then proceeded to his apartments.

The crowds dispersed slowly At noon most of them had gone and a quarter of an hour later the military withdrew

During the afternoon the Irish pilgrims attended service in the church of St. Sylvester and were blessed by Cardinal Logue, while the English pilgrims at St. George's received the blessings from Cardinal Vaughan

The weather was magnificent all day The air was mild and dry, and the sun shone uninterruptedly

Yesterday evening St. Peter's and all the other churches, all the convents and hundred of private houses were illuminated. The streets were thronged and the square in front of St. Peter's was almost impassable. Without exception, however, the people were perfectly orderly Not an arrest was reported

King Humbert and Queen Margaret took their usual drive through the city yesterday and were everywhere saluted respectfully

Princess Kaliulani Pleads for Her Throne, Her Nation and Her Flag.

LONDON, Feb. 19.—Princess Kaliulani sends the following address to the American people

LONDON Feb 18, '93.

TO THE AMERICAN PEOPLE Four years ago, at the request of Mr Thurston then Hawaiian cabinet minister, I was sent away to England to be educated privately and fitted for the position which by the notion of the Hawaiian parliament I was to inherit. For all these years I have patiently and in calm silence to fit myself for my return this year to my native country I am now told that Mr Thurston is in Washington asking you to take away my flag and my throne. No one tells even this officially Have I done anything wrong that this wrong should be done to me and my people?

I am coming to Washington to plead for my throne my nation and my flag Will not the great American people hear me?

[Signed] KALIULANI

Will Accept One-Half the Proposed Reduction

LONDON, Feb. 19.—The striking cotton-spinners in Lancashire have agreed to accept a 2½-per-cent reduction in their wages. The master cotton-spinners will hold a meeting this week to consider whether they will reopen their mills at the reduction. The strike, it will be recalled, was against one of the masters reducing wages 5 per cent.

Death of an Old Soldier

LANCASTER Pa., Feb 20.—Maj. H A. Hambright, United States army, retired, died yesterday morning from a cancerous affection, aged 74 years.

Maj. Hambright served through the Mexican war and also through the rebellion, at the close of which he had become a brigadier-general. He then entered the regular army, from which he was retired several years ago.

Dixon Challenges Griffith.

BOSTON, Feb. 19.—Thomas E O'Rourke has posted a forfeit of $500 accompanying a challenge to Johnny Griffin to fight Dixon. Dixon, O'Rourke says, will fight Griffin at 120 pounds for nothing less than $10,000 a side and the largest purse offered by any club, the match to come off after the Dixon and Sol Smith battle.

So Near and Yet So Far

HELENA, Mont., Feb 19.—A large number of members of the legislature were out of town yesterday Mantle (rep.) came within four votes of an election. The ballot resulted Mantle, 25, Clark, 18, Dixon, 19, Couch, 1, Hunt, 1.

FLORENCE BLEVINS, now Mrs. Fritz W. Hickley, of San Francisco, whose inheritance amounted to about $4,000,000, is said to have paid $834 844.44 to her attorneys and the executrix in order to secure her estate.

TERRIFIC EXPLOSION.

A Locomotive Engine Blows Up, Creating Death and Havoc.

FORT WORTH, Tex., Feb. 20.—A Texas & Pacific freight engine exploded in the yards yesterday morning at 10 30, creating death and terrible havoc. Engine 819, which had been in use one and one-half years, had been run out of the round-house to go on its run at 6 o'clock. Steam was up and sufficient water was in the boiler, and she had 150 pounds of steam on fifteen minutes before the accident happened. The engine exploded, arousing the entire city of 30,000 inhabitants for miles around. The shock broke window glass in the immediate neighborhood and at many points for eighteen blocks away Huge pieces of the engine were hurled to almost incredible distances around the yard, and the bell has not yet been found. Those killed and injured are:

John Killis, fire knocker; horribly mangled and killed outright.

Robert Thompson, night round-house foreman; right leg broken, face and body badly scalded and eyesight destroyed

S. M. Deats, night hostler, right arm broken, left leg and knee-cap badly bruised, face and eyes scalded and head bruised.

W E. Haden, night car marker, nose broken

W R. Barrett, night yard foreman, left hip dislocated and face bruised

W. D. Ford, foreman, seven ribs broken and hurt internally.

The injured were taken to the hospitals. All will be cripples for life.

Conductor Craine and Engineer Sample were sleeping in a caboose seventy feet from the explosion, but knew nothing of the occurrence for an hour afterward. One of the yardmen was repairing the air brakes under the engine cab and was not scratched. Thousands of people have viewed the wreck. The only plausible cause given is that the fire-box blew off, caused by weak stay bolts and fuses.

AFTER THE BATTLE.

Populists Discussing Means of Getting Even—Col. Hughes' Case.

TOPEKA, KAN., Feb. 19.—There is much talk among the populists of taking legislative action next week in relation to some of the actions of the past week. A member said yesterday that he would do all he could to secure the passage of bills withdrawing appropriations from the State university, State normal school and other state institutes that sent young men here to help defend the republican house Adjt.-Gen. H H. Artz says that in less than six months he hopes to have the Kansas state militia in such shape that when he should call for the aid of the troops he would have 1,000 men on whom he could depend to obey the orders of the governor He said this in discussing the dismissal of Col. J G F Hughes of the third regiment, who was relieved from duty because he disobeyed the order of the governor to take possession of representative hall Thursday

Col. Hughes will be tried by court-martial for insubordination. He says he will not be satisfied unless his trial is held as soon as possible. "There are three ways an officer of the militia can leave his charge," said he. "Die, resign or be dismissed after trial by court-martial. I expect to be tried, and want to be tried I do not expect to get my shoulder straps back again, for I think the populists will reorganize the militia as much as possible so as to get men who will be in support of their cause. I am told that my commission as colonel has not been revoked, but that I am dismissed from the service I want a trial and dismissal in a formal and military manner before I will be satisfied"

Chas. Mitchell Going to New Orleans.

NEW ORLEANS, Feb. 19.—President Noel of the Crescent City Athletic club has received a telegram from Charles Mitchell giving notice that the English pugilist will be in New Orleans on the 25th He will be the guest of the club, and its officers will extend him every courtesy It is not known on what terms the clubs will begin to bid for the Corbett-Mitchell fight From an authoritative source it is learned that when Mitchell arrives here some unofficial offers will be made with a view of ascertaining his figure But all clubs will wait for the Coney Island club to open the ball.

Burned to Death in the Presence of Her Children

SHAWNEE, O., Feb. 19.—Mrs. J. H. Hilton, aged 26, met with a horrible death at her home, two miles, east of here. She was subject to fits and had one during the absence of her husband. She fell against the grate, her clothes caught fire and she slowly burned to death in the presence of two helpless children.

Democratic Rule in Alabama Perpetuated—A Consignment of Kangaroos—Shot Through the Heart at a Gambling Table, Etc.

A Bloody Row Narrowly Averted.

ALBERT LEE, Minn., Feb. 19.—Blood was shed yesterday afternoon between citizens and the city government and the killing of several persons was narrowly averted

Gal. Brandson Bros. began the erection of a warehouse. The city council, condemned the building and ordered it torn down A war of words occurred, and Acting Mayor Wilkinson gave the lie to Alderman Ransom who quickly resented it by a staggering blow on the acting mayor's mouth, spattering the council chamber with pools of blood Then they clinched, but were separated. The fire department was ordered to tear the building down and began the work at 9 o'clock last night.

The town is in the streets, but an extra force of police is on duty and probably further bloodshed will be averted

Everlasting Democratic Rule in Alabama Assured

MONTGOMERY, Ala., Feb. 20.—Saturday night the senate passed the Sayer election bill It had already passed the house The governor will sign it and it will then become a law of the state.

The new election law provides for the Australian ballot. Its effect will be to disfranchise illiterate negro voters to the number of about 40 000 or more in Alabama. The penalties for violation of the sections governing registration and voting are very rigid The new law will go into effect with the next general election. The Kolb third-party populists in both houses were against the bill all the way through They had been clamoring for a new and fair election law for two years past, and when this one was offered them they opposed it directly. This bill means everlasting Democratic rule in Alabama.

Escaped a Coat of Tar and Feathers.

BEDFORD, Pa., Feb. 20.—Saturday night twenty men, part of whom were masked, called at the house of John H Pleasinger in the suburbs of the town and asked for Orange Gordon, a colored man who has been waiting on Pleasinger's daughter Pleasinger showed fight, when four revolvers were thrust in his face, which had the result of quieting him They then searched the house, but Gordon had made his escape at the rear They then went up stairs, and finding the girl in bed, gave her a mild thrashing with hickory switches. The girl showed fight and succeeded in knocking one of the Whitecaps down. The party were provided with tar and feathers, and Gordon would have fared badly had he been found

A Consignment of Kangaroos

NEW YORK, Feb. 20.—A fine collection of kangaroos consigned to F Blumenthal & Co., of 193 Williams street, arrived in this city Saturday Messrs. Blumenthal & Co., who are dealers in leather, and want to make a large exhibit at the Chicago Columbian exposition, ordered their agents in New South Wales to send them the finest possible specimens all stuffed and mounted The young kangaroo is called a joey and travels, until it has reached an age of independence, in a pocket which the mother wears just below her chest. The most interesting feature of the collection received is a gray female with her joey in her pocket. The largest specimen, a gray-coated male kangaroo, measures seven feet from nose to tail

Shot Through the Heart at a Gaming Table.

CHICAGO Feb 20.—Samuel Dorrett and John Williams, both colored, quarreled over a game of cards in H H Henderson's saloon, at 432 Dearborn street, yesterday afternoon Williams fired four shots at Dorrett, only one of which took effect, inflicting a flesh wound. THE LITTLE FOXES.

It is the little foxes that tear down the vines, says Solomon. It is the little things that count in life. It is the little colds that count It is sending the children to bed with wet feet that brings on the croup It is catching a little cold and neglecting it that brings disease and sickness. It is catching sore throat and then going about unprotected that ends in dyptheria and death. Watch these little sources. It does not take much time but it is the little safeguards that count in the battle of life When you get sore throat or cold take Reid's German Cough and Kidney Cure. It is the best thing in the world for every form of disease that arises from a cold. Statistics show that nine-tenths of the entire human race perish from this cause It follows therefore that if you will avoid taking cold your chances for long life are doubled. This great remedy does not only stop your cough but it aestores your circulation to its normal condition and thus enables the system to throw off the malady. Get this great remedy of any dealer.

MONDAY EVE., FEB. 20, 1893.

PRESIDENT CLEVELAND will not live in the White House. The Admiral Porter homestead is being prepared for the occupancy of the President's family.

THE appointment of Judge Howell E. Jackson of Tennessee by President Harrison was confirmed Saturday by the unanimous vote of the senate, the objections of Little Boss Clarkson to the contrary notwithstanding.

DR. PARKER, in his talk yesterday about church extension, in speaking of the work done in Kansas, parenthetically remarked that Kansas was always ready for a prayer meeting or a fight, and it seems that they enjoy the one about as well as they do the other.

DEWITT county is well represented in the front rank of the Kansas war. Judge Doster, the leader of the Populists, and R. B. Welch, chief of the sergeants-at-arms, appointed by the Republican house, were both raised south of Farmer City. McLean county has also a representative in the person of A. B. Campbell, chief of the sheriff's deputies.

EVERYBODY will be pleased under the circumstances that the misguided Hugh O'Donnell of Homestead was not found guilty of murder as charged. The law ought to reach the demagogues who were behind O'Donnell and ruined his happiness, but it will not. They will be candidates for office as the friends of the laboringmen, while Hugh O'Donnell will be left to recover his lost fortune as best he can.

THE Populist chaplain of the Kansas senate, smarting under the defeat of the Populists in their revolutionary proceedings, opened the senate with the following prayer:

"May God have mercy on this treason-infected state. Amen."

It would have been more creditable to this doughty parson, if he had done his swearing at the Republicans in good old Anglo-Saxon cuss words, than to do it in the form of a prayer.

THE Populists, with the view of retaliating on Topeka, Kan., have passed resolutions looking to the removal of the capital to Ellsworth, providing that city will donate fifty acres of land and $200,000. Under existing conditions, no city would give two hundred cents to have the Kansas capital if it had to take the Populists with it. If the Populists want to remove the capital where the conditions are more congenial to them, they ought not to stop short of Mexico or some other place where it is still hotter.

SENATOR BAKER, of Leavenworth in the Kansas senate Saturday, arraigned the Populists on the following charges:

1. You have confirmed as Adjutant General in the name of reform an alleged bribe-giver.
2. You have appointed in the name of reform as Railroad Commissioner an alleged bribe-giver.
3. You have a State Treasurer in the name of reform with a straw bond.
4. You have attempted in the name of reform to Mexicanize Kansas.
5. Senators in the name of reform, have openly defied the law and denied the obligations of the constitution.
6. In the name of reform you have organized a rebellion. The lives and property of the people are now subjected to a military mob, a disgrace to the State and an outrage to our civilization.
7. You are the Herr Mosts and the Haymarket men of Chicago, you are red-handed anarchists.

THE effort of Gov. Lewelling, of Kansas to Mexicanize his state, proved a lamentable failure. The commander of the militia and the sheriff understood their duties, and the requirements of their oath of office, too well to obey the orders of the anarchist. When he ordered the militia to eject a house of representatives from the hall, the colonel refused to obey the order stating that it was not his duty to bring on a conflict, but to preserve order. And the sheriff, who had not exhausted his ability to preserve order, a condition which, according to the laws of Kansas, must exist before the governor would be justifiable in calling out the militia, notified the governor that he must remove the militia or he would drive them out of his county, then proceeded to swear the militia men in as deputies, thus leaving the revolutionary governor powerless to carry out his revolutionary and partisan schemes. It is safe to say that Governor Lewelling knows more than he did a week ago.

Kansas Itself Again.

The Populist farce in Kansas is about ended and its exit is that of every organization which proceeds on the theory that the laws and the courts ought to be defied. The policy of the Kansas organization, as directed by the Kansas leaders, was a menace to Republican institutions, which meant that unless the organization was defeated good government would suffer. These facts impressed themselves upon the good people, both in the Democratic and Republican parties, and resulted in the overthrow of the rump populist house, which means the end of that party in the state. The aphorism, "Whom the gods would destroy they first make mad," was never better exemplified than in the case of these Populists, consisting of a governor, the other state officers and the so-called Populist house. Their resort to force proved the downfall of their cause. There never has been the semblance of justice in the organization of the Populist house, for at no time did it consist of a majority of the members elected to the House of Representatives. The Republicans were in the majority and were the legal body; so recognized by the Democrats and many Populist Senators themselves; but contrary to law and the constitution, the governor sought to declare the minority the legal organization and finally attempted to expel the Republicans and Democrats, who acted with the former, from the hall of the house which they alone legally controlled. In this he was overwhelmingly defeated, and forced to surrender in the most humiliating manner.

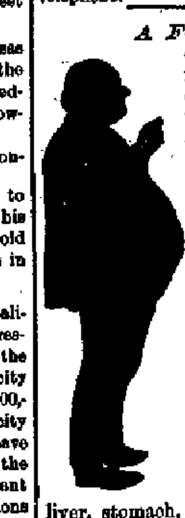

The Franklin county Democrats, in mass meeting for the purpose of giving expression to their views of the situation, put the case in the following resolution very clearly:

We hereby condemn the paternalism of the so-called People's party of Kansas, and call upon all good Democrats to join with us in driving this dangerous party from power in our state. We hereby condemn the revolutionary action of the minority of the of the Kansas House of Representatives, and also condemn Gov. Lewelling in recognizing it as disloyal and tending to anarchy. We denounce the Executive Council for approving the illegal and insufficient bond of Treasurer Biddle, thereby jeopardizing and endangering the public funds of the state.

The courts will decide the Populist house illegal within a few days and it will be abandoned, when the legally elected members will take their seats in the proper body, and Kansas will then be redeemed from the hands of anarchy; and the Governor who has displayed his ignorance and stupidity will serve out his term unhonored by all good citizens.

On Gresham.

A few days ago it was with difficulty that two members of congress were kept from coming to blows in the house over a controversy in which one alleged that an Indiana soldier, who was drawing a pension for total deafness, was holding a position in the pension office in which part of his duty was to receive messages by telephone. The facts turned out to be that the soldier in controversy was deaf in one ear and occasionally received telephone messages by the use of his good ear, but when it was discovered that he held his position on the recommendation of Judge Gresham, who has been selected by Cleveland for secretary of state, everybody laughed, and the ordinary good humor of the body was restored. Some of them thought the ears of the pensioners were a good deal like the judge's peculiarity, valuable for securing a pension as well as to serve him in doing business, or in other words, that the notion that a man could vote for Cleveland without being a Democrat, is a good deal like a man getting a pension for total deafness and then using the same ears to hear the "hello" through a telephone.

A FULL STOMACH ought to cause you no discomfort whatever. If it does, though — if there's any trouble after eating — take Dr. Pierce's Pleasant Pellets. They're a perfect and convenient vest-pocket remedy. One of these tiny, sugar-coated, anti-bilious granules at a dose regulates and corrects the entire system. Sick or Bilious Headaches, Constipation, Indigestion, Bilious Attacks, and all derangements of the liver, stomach, and bowels are prevented, relieved and cured.

They're the smallest, easiest to take, cheapest and best. They're *guaranteed* to give satisfaction, or money is returned.

Which is the best to try, if you have Catarrh—a medicine that claims to have cured others, or a medicine that is backed by money to cure *you?* The proprietors of Dr. Sage's Catarrh Remedy agree to cure your Catarrh, *perfectly* and *permanently*, or they'll pay you $500 in cash.

IT IS 22,696.

Population of Decatur Township as Returned by the Enumerators.

The official enumeration of Decatur township ordered by the town board, has been completed and J. S. McClelland, the chief enumerator, reports the total population of the township at 22,696. Within the city limits as recently extended there are 20,000 people, which is a gain of nearly 4,000 since the government census of 1890. In Riverside Place there are 216 residents, and many of the other new additions are increasing in population with equal rapidity.

This count was made for a purpose. It was to learn how many additional assistant supervisors should be voted for at the approaching township election. Under the law the 22,696 population gives Decatur township two extra supervisors. The town clerk will issue his call for the election in a few days.

A Delicate Operation.

E. V. Hesket, of Sullivan, solicitor for the Sullivan *Progress*, brought his daughter, Ettie, yesterday to Dr. Walston's Sanitarium for a surgical operation. Mrs. Hesket and another daughter, Miss May Hesket, also accompanied her. Miss Ettie has been suffering for about two months with a painful ailment. Dr. Walston has made several visits to the patient at her home in Sullivan, but the trouble was of that character that it was finally decided that she be brought to the Sanitarium, where she could be more conveniently treated. When the patient arrived an examination revealed the fact that the patient was suffering from an abscess in the side, and that a surgical operation was necessary. Dr. Walston, having decided upon this course, called to his assistance Dr. Will Barnes and Dr. Ira Bernes. The operation was a delicate one and required the best surgical skill. The patient stood the operation well and the surgeons succeeded in removing a lage quantity of pus. Miss Hesket is getting along as well as could be expected and will remain in the city until she recovers.

Birthday Surprise.

Saturday was Capt. I. N. Martin's 61st birthday anniversary, and in the evening a company of relatives and friends gave him a most enjoyable surprise at his home on South Union street. A large company descended on him, and after his recovery from the effects of the unexpected invasion, he was given a second second surprise by the presentation of a handsome rattan rocking chair. The guests heartily congratulated the Captain on having attained his 61st birthday, and hoped he would live to celebrate many more anniversaries. An elegant supper was served during the evening. Those present were J. A. Reeve, N. Pringle, M. Eichinger, D. E. Baldwin, Garret Kussick, George Bedford, W. W. Brown, A. T. Grist, Lee Cope, H. H. Stafford, H. N. Fullinwider, Major McIntosh, George Rigney, George Bushart, Andrew Miller, J. H. Martin, I. N. Martin, jr., and their wives; Mrs. Ella Miller, of Chicago, Mrs. Sophia Higman, Misses Jennie Taylor, Ellen Powell, Kate Morris, Daisy Stafford, Bessie Grist, Nora Martin and Hattie Martin.

A Strong Play.

"The Danger Signal" is the title of the play which is announced as the attraction at the Grand Opera House next Thursday evening, Feb. 23, with winsome Rosabel Morrison in the leading role. The play draws its name from the fact that an express train is in danger of an accident at a railroad crossing, and that the heroine, at the risk of great peril, waves the danger signal in time to rescue many lives. The play deals of Western life, and abounds in strong scenes and stirring climaxes, interspersed with many laughable incidents and comedy flashes. The play is from the pen of Mr. Henry C. DeMille, author of many successes, notably "The Wife," "The Charity Ball," "Men and Women," "The Lost Paradise," and other successful productions, from the Lyceum Theatre, New York, and at which house "The Danger Signal" was first produced to enthusiastic audiences. The company supporting Miss Morrison is a very strong one.

Afternoon Party.

Miss Sue Maris gave a delightful party Saturday afternoon at her home on West North street between the hours of 2 and 6 o'clock. During the afternoon they enjoyed games, music and dancing. A delightful supper was served at 6 o'clock. Mrs. Maris was assisted in chaperoning the girls by Mrs. Harlie Maris. Those present were Edith Carter, Bessie Lutz, Dessie Hamsher, Gertrude Dillehunt, Alice Bevans, Ethel Quinlan, Marian Barrackman, Mary Barrackman, Noy Montgomery, Lue Durfee, May Mills, Leslie Mafit, Ethel Thayer, Madge Young, Julia Gessway, Lucy Cloyd, Elsie Bartholomew, Marguerite Stauffer, Charlotte Nelson, Marie Powers, Jeanette Powers, Alberta Barnes and Samuella Young.

H. C. Anthony's New Home.

H. C. Anthony, of the well-known firm of Anthony & Webb, has plans for a handsome $8000 residence, which he intends erecting this spring in Millikin Place. The residence will be ready for occupancy about the first of May. The plans show the structure to be a very imposing one, with a handsome tower on the northeast corner. The first floor plan is most conveniently arranged, and consists of a reception hall 8x17 feet, a parlor 14x15, a dining room 14x16, and the kitchen 18-6x14. On the second floor there are three chambers and an annex, besides a bathroom. The house will be 31x45 feet, and will contain all modern conveniences. The brick has already been delivered, and as soon as the weather will permit ground will be broken.

Several other fine residences will be erected in this addition this spring.

John L. Sullivan.

The attraction at the Grand Saturday evening, Feb. 25, will be no less than John L. Sullivan in his new romantic and sensational drama in four acts by Edmund E. Price, entitled "The Man from Boston." Mr. Sullivan's character is entitled Capt. *Harcourt*. He made his first appearance in the above at Providence and the press were unanimous in his praise, and the cheers that greeted the pugilistic idol of so many years were tiresome to the ear—his appearance in Boston and a new president elect could not have been more enthusiastically received. The applause lasted fully two minutes, so great was the enthusiasm that Actor Sullivan could not proceed with his part owing to the numerous cheers; he has friends by the millions and when he appears in our midst, which he will do at the above theatre Saturday, he, it is sure will be accorded the same reception amongst his friends.

The Game of Lacrosse.

Last season Decatur enjoyed the reputation of having as good lacrosse team as could be found in Central Illinois. While they never played any championship games they played among themselves, and, by steady practice, obtained a proficiency in wielding the lacrosse stick which would enable them to battle with the best amateur teams. Tom Burke was captain of the team and is quite an enthusiast. Already an effort has been made to reorganize the Decatur Lacrosse club, and the movement has met with good success. All they need now is the grounds, and they are figuring on securing a park easily accessible by the street cars.

The Largest Dog in the World.

Stetson's Uncle Tom's Cabin company claims this honor. The dog in question weighs 203 pounds, stands thirty-five inches high to the shoulder and measures seven feet from tip to tip, and cost Mr. Stetson $1,000. He was originally the property of the Czar of Russia and was presented by him to Miss Marguerite Fish, the well-known actress, and sold by her to Mr. Brandenburg, of museum fame, and was exhibited by him in all the leading cities in the United States and can be seen daily in the monster street parade given by the company which will exhibit at the Grand Friday night, February 24.

Hoyt's "A Hole in the Ground."

Charles Hoyt enjoys a stellar reputation as a constructor of farce comedy. His pen is responsible for many bright, pleasing skits, whose success has been of a flattering order. Of the many things written by him his clever satire on railroads and drummers, entitled "A Hole in the Ground," which will be presented at the Grand to-morrow night, is considered one of the best. The subject is one that permits of humorous elaboration without any attempt at burlesque. The story of "A Hole in the Ground" offers no innovation as regards plot. The main object of the piece is to create fun. See the play.

A Painful Fall.

Mr. W. M. Galbraith of this city, while in a little town south of Decatur yesterday morning slipped on the ice and sustained some painful injuries. Among other fractures his nose was broken and his eye terribly bruised, though not so badly that he will lose it. S. W. Sangster of this city happened to be in the same town at the same time and very kindly took Mr. Galbraith in charge and brought him home last night. Mr. Sangster's services were a great comfort to Mr. Galbraith.—*Bloomington Leader.*

In Memoriam.

Hall of Progress Degree Lodge, D. of R., No. 111, I. O. O. F.

Whereas, It has pleased God in His most infinite wisdom to take from our midst our well-beloved sister, N. M. McGurthy, February 6th, 1893, wherein we relinquish our claims with sorrow, but rejoice in her everlasting gain; therefore be it

Resolved, That by her death our order has lost a warm advocate of its principles, her friends one whom they all loved and admired for her many virtues, and her family a loving wife and mother.

Resolved, That we extend to the afflicted husband and sons our heartfelt sympathies in this, their deep bereavement.

Resolved, That as a further token of our respect, that the charter of our lodge be draped in mourning for thirty days, and that these resolutions be spread upon the minutes of the lodge, and a copy be presented to the family.

To close the eye when twilight gray
Falls o'er a world, a world of care,
And waken in the far away,
Where all is bright and fair.
Who would not then without a sigh
Rejoice to go to sleep and die?

Then steal away, give little warning,
Choose thine own time.
Say not good night;
But in some brighter clime
Bid us good morning.

Harry J. Evans' Reception.

One of the most successful and brilliant receptions that Monticello ever witnessed was given at the Hotel Sackriter on Friday night. The occasion was the reception and cotillion party given by Harry J. Evans to his many young friends. The guests were received in the parlors of the hotel from 8 to 9, when the grand march began in the large dining room. This was participated in by over fifty couple. Music was furnished by the McKeenan orchestra. The following were present: The Misses Josephine and Belle Keefe and Miss Bucket, of *Decatur*; J. G. Evans, J. Howers, W. Hammond, A. Hut, Misses Myrtle and Minnie Collins, the Misses Holdeman, of Bement; Miss Boner, of Champaign; C. Where the Buffalo Drank.

A traveler describes a strange formation in Mitchell county, Tex., which, in our time at least, will be a reminder of the days when the buffalo roamed the plains of the great west. "At the junction of two creeks," he writes, "is a bed of friable gray sandstone mixed with coarse gravel. Water passing over the edge of it has worn away a part of it, and has created a fall of thirty feet. The loose gravel carried round and round in the eddies has gradually bored holes in the sandstone. These holes are from three to six feet wide, circular, and from fifty to one hundred feet deep. There are from fifteen to twenty of them, all filled with fresh water. By the long-continued churning of the gravel they have been made jug-shaped or cistern-like, and in some instances the wall dividing the two wells has been cut through. This must have been a favorite watering place with the buffalo. In the solid rock is cut a deep trail down to the water. And where the descent is steepest the footmarks are over six inches deep, showing that every animal passing there put its foot exactly in the spot occupied by those which had preceded it."—Detroit Free Press.

Had Not Slept For Years.

Mr. A. Jackson, an old resident of Rusk, Texas, and manager of the magnificent new Hotel at Rusk, informs us he had not slept at night for years except in short naps, owing to incessant coughing. He was advised when very much run down to try Ballard's Horehound Syrup; he was immediately relieved of his Cough and his rest improved to such a degree that he could sleep soundly all night; Mr. Jackson states: "I regard Ballard's Horehound Syrup superior to any Cough Syrup on the market, and its freedom from opium and morphine leave no constipation after using it. For this reason alone I consider it the best Cough Syrup in the world for children. My lungs are now stronger than they have been for years. This Syrup is very soothing to the throat and lungs." Dr. Oneal in Iowa.

In a recent issue of the Chariton, Iawa *Herald*, appears the following reference.

It is seldom that an audience is given an opportunity to listen to as able and scholarly a lecture as that of Rev. Dr. H S. Oneal last Monday evening on the French Revolution. The historical fact was treated as "the tragedy of history." With a diction at once forcible and elegant he pictured this period with all of its horrors and sorrow in a fascinating and enchanting manner

The causes were carefully and chronologically arranged. The growth of the spirit of liberty in France was shown to be similar to that in America. The Revolution in the one was a grand success; in the other, a horrible failure The various measures of last resort by the nobility and clergy against the common people were indelibly impressed upon the minds of his hearers. The political excitement preceding the election of the States General, the assembling of that body, the noted personages composing the assembly were all depicted in a manner that indicated the dramatic power of the speaker. The King and the Queen, Robespierre Murat, Danton, Napoleon and Josephine were pointed out in the assembly and so vividly described that they seemed almost present in person.

Rev. Oneal is a fluent, easy speaker, eloquent at times, mingling enough of humor in the lecture to keep the mind alert to catch each new sally.

The subject, one of great interest, was well handled. French history and French character will be studied with renewed zest by those so fortunate as to listen to the speaker

If Rev. Oneal should lecture again in Chariton, he will receive a cordial welcome by all of the intelligent and appreciative audience that hung upon his words last Monday evening.

PASTORS AND PEOPLE.

Inaugural Sermon by Rev. Simon Rohrer at the Christian Church.

Fythian Observance at the First M. E. Church—Sir Knights in Uniform—Educational Services.

Sunday was a day of special interest to the membership of the Christian church. It was the occasion of the formal inauguration of Rev. Simon Rohrer, late of Indiana, as pastor of the church, and at the forenoon service the ample capacity of the church for the congregation was crowded. Every pew was filled. Rev. Rohrer is a clergyman of pleasing personal address, in the prime of life, and, judging from the sermons of yesterday, he will not only prove to be a powerful and influential messenger for Christ, but will be useful and effective as a pastor. He speaks extemporaneously and commands the attention of his audience by the magnetism of his presence, his logic and his eloquence. The subject of the morning discourse was "Christ a Representative of God, and Type of Perfect Man." It was an appropriate theme. It was of personal importance not only to the newly chosen clergyman, but to the membership and congregation as well. Rev. Rohrer said he came to the church to present the love of Christ, the perfect man, and he held out the invitation to all to accept that love and enter into the enjoyment of the Christian life. At the close of the service several persons united with the church by letter, and the pastor, with the congregation standing, and in the name of the church, extended the right hand of fellowship to the strangers. It was a very impressive and touching ceremony The Holy Sacrament was administered under the direction of Elder George R. Bacon, and the congregation was dismissed

THE FIRST M. E CHURCH

The morning services at the First M E. church were of a special character and was called "Southern Education Day Service," and related to the educational work of the Methodist Episcopal church in the southern states among both colored and white people, which is directed by the Freedmen's Aid and Southern Educational society. The program was printed and contained special music for the occasion, and was as follows.

Voluntary.	.Gloria Patri
Hymn . .	"Cast Thy Bread Upon the Waters"
Prayer. . .	
Hymn	"We Walk by Faith"
Scripture Reading	
Hymn	"My Native Land"
Appeal and Collection . . .	
Hymn . .	"Is Thy Crumbs of Comfort Falling?"

The Rev. T. A. Parker, by way of an appeal for contributions, preached a short sermon, in which he showed what had been accomplished by the society in the direction of building colleges and seminaries in the south. He said 27 academies, 3 universities, 1 seminary and 10 colleges have been built, at a cost of nearly two million dollars, and that these schools now have 9,010 students and 330 teachers, and that from the beginning they have had a total of 54,324 students He also gave a history of the illiteracy of the south, its cause, and the great need in that section of the country of a better civilization, which alone could be accomplished by a better education At the conclusion of his address he asked the congregation for $160, the amount it has been assessed for the cause.

FYTHIAN OBSERVANCE.

At 3 30 o'clock in the afternoon Mr Parker delivered the annual sermon to the different organizations of the Knights of Pythias. It was the 30th anniversary observance of the organization of the Pythian order. All the lodges were present The Uniform Rank under command of Captain A T. Grist was in uniform The singing was led by the First M E. church choir. The text of the sermon was Proverbs, 14; 14, "A friend loveth at all times." The speaker divided his subject into two parts First, "The nature of friendship." Second, "Friendship in action" He said 'the best illustration of friendship was found in the parable of the Good Samaritan, as recorded in the Gospel of Luke. Compassion is the secret spring of all friendship and is not the product of religion, but is the natural property of the human heart, which has the proper conception of the brotherhood of man. Compassion is often blunted by too close devotion to business and often by religious prejudice and also by national prejudice. Men ought to recognize the fact that there is something in this life more valuable than business; more valuable than national pride; more valuable than stocks and bonds, and that is Humanity. Though friendship has its seat in the heart it is useless unless put into action." Following this thought the speaker gave illustrations of friendship in action, which included the story of Damon and Pythias, and closed by calling attention to the fact that Christ did that which no other person had done, namely he died for his enemies

The usual services were held in the evening.

MILLER MAY DIE.

Serious Result of a Runaway at Forsyth Saturday Afternoon.

James Miller was probably fatally injured in a runaway accident Saturday afternoon at Forsyth. He had driven in from his farm north of Forsyth. The team was attached to a farm sled, with some loose boards thrown over the runners. Mr. Miller drew up in front of Dan Parkhurst's barber shop and went inside. While he was gone the team started off, and he hurried out to stop them. He jumped on the loose boards, and as he did so a citizen stepped in front of the horses and threw up his hands. This checked the horses sudden and caused Miller to fall forward suddenly. He was caught between the tongue and double-tree, and with his shoulders and head striking the ice and snow he was dragged an eighth of a mile before the team was stopped by Henry Marcus and others. Mr. Miller was picked up in an unconscious condition by W. F. Hoover and Edward Crawford. He was found to be frightfully hurt. He was kicked twice on the head, and there are two bad fractures—one over the right eye and one at the back of the head. Dr. E. A. Morgan, of Macon, attended him. He was resting fairly well to-day. It is too soon yet to determine the probable result of the injuries inflicted. Mr. Miller was a tenant farmer, and was past chancellor of Starlight Lodge, No. 235, at Forsythe. He had arranged to take possession of a farm near Macon March 1, and would have moved in a few days.

M'KEE RANKIN IN LUCK.

His Father Gives Him an Estate Worth $200,000, and He Retires from the Stage.

A telegram from Detroit states that McKee Rankin has come into possession of another fortune. The actor's aged father, Col. Arthur Rankin, who is being treated at Windsor, has transferred to his son all his property, estimated to be worth $200,000. He reserves to himself only $100 a month, which he receives from property in Algona. The property transferred includes 8,000 acres of land in Rankin township, near the Sault Ste Marie bridge, Ontario, and 100,000 acres near the Manitoulan islands Mr. Rankin gave his last performance at Detroit Saturday evening, and will disband his company and devote his time to the management of the estate and the care of his father Mr. McKee Rankin had financial difficulty in Decatur in December when "A Kentucky Colonel" was given at the Grand. The company disbanded, and Fred Bryton went off to Chicago. Since that trouble the Rankin company reorganized in Chicago

HEFFNER ON TRIAL.

Catherine Lawrence in Court to Appear Against the Prisoner.

This afternoon in the circuit court the case of The People vs John Heffner, alias John Plumer, was placed on trial, and attorneys are trying to secure a jury Heffner is charged with having outraged the person of Catharine in an upper room on Merchant street, one night after he had taken her home from a show. Catherine resisted in vain, and finally ran screaming into the street to give the alarm. Heffner was arrested that night and has since been in jail. Attorney C. C. Lefarges appears for the prisoner, and State's Attorney Mills for the People. In case of conviction, the punishment may be imprisonment in the penitentiary one year, or for life.

The court room is crowded with spectators It was suggested to Judge Vail that all parties under 21 and those above 50 years of age should be excluded from the court roor during the trial. He has taken the suggestion under consideration.

Gov. McKinley's Loss Not so Great as Reported.

NEW YORK, Feb. 19.—Concerning the dispatches from Youngstown, O., stating that Gov. McKinley is reported to have lost from $30,000 to $75,000 by the failure of Robert L. Walker, a prominent banker and capitalist of Youngstown, Mr Abner McKinley, the governor's brother, said this morning: "You can say that the story of my brother's loss is much exaggerated It is not nearly so large as reported, and what is more every dollar of paper which contains his name will be paid

Unfounded Report of an Attempt to Assassinate Gov. Lewelling of Kansas.

TOPEKA, Kan., Feb. 19.—A great deal of excitement was caused at the state house by a report that a man had attempted to assassinate Gov Lewelling. At 2 30 Sheriff Wilkerson received a telephone to that effect, and with a couple of deputies he started for the state house. On arriving at the state house he found that there was no trouble, although the report had spread rapidly, and a big crowd of people were in the corridor of the east wing.

FORT SMITH, Ark., Feb. 20.—A special session of the Choctaw council adjourned Saturday evening, having been called for the purpose of considering a reduction of $48,000 by congress for the payment of leased district money. The council decided to accept the reduction, and yesterday Green McCurtain and Thomas D. Ainsworth left for Washington to sign deeds to the lands and receive the money

Actor McKee Rankin Gets a Windfall.

DETROIT, Mich., Feb. 20.—McKee Rankin, whose company is playing "The Danites" in Detroit, will retire from the stage. The company will be disbanded, and the members will be sent home at his expense. The reason given for this is that Mr. Rankin's father, who is dying in a hospital at Windsor, Ont., has turned over all his property—worth $200,000—to his son, who will hereafter look after it to the exclusion of his theatrical business.

LOGAN LETTER.

The REPUBLICAN is indebted to J. T. Roberts, dealer in grain, provisions and stocks, with correspondents in Chicago, New York, Minneapolis and St. Louis, for the following F. G. Logan & Co.'s market letter received over the Roberts private wire

CHICAGO, Ill., Feb. 20, 1893.

The wheat market opened fairly active at 75¾ May. The outside news was bearish and the pit traders were free sellers which depressed the price to 76¼. Calculations on the visible were for some increase, but it came a decrease of over 200,000 which turned the sentiment and it rapidly advanced to 77 May, and 75⅝ July. The closing price is 76¾. There are no new conditions on the market. The so-called clique are buyers on all such declines as we had this morning. February as a rule is not a bullish month, but crop damage in early March may change values materially The price is low, but the stocks in sight are large. The wise-heads point to ninety cents or more for wheat. We know nothing beyond the fact that there are some houses where holdings are heavy and that they do not sell it

Heavy liquidations in corn. May opened 44⅝, sold as low as 43⅝ and closed at 43⅞ Our information is that it cars could be had the movement would be liberal. Demand for carlots is better than it was Saturday.

There is no speculative interest in oats. They close at 33¼.

The provision market was lifeless. A few packers about the only buyers which was about the only feature to it.

Now here is a table of figures which means something The interpretation o these figures is that we absolutely must clean out our goods before spring and this we cannot want on the trade but must bring the trade to us. We want to clean off $10,000 worth of these goods it such a thing be possible within the next thirty days. We have to get the money out of them.

FROM WASHINGTON.

What Our National Lawmakers are Doing.

THE APPOINTMENT OF JUDGE JACKSON

Confirmed by the Senate—The Sherman 3 Per Cent. Proposition—The Cost of Mining Gold and Silver—Congressional.

Congressional Forecast.

WASHINGTON, Feb. 20.—The backward state of the appropriation bills lends serious interest to the remark that Senator Vilas dropped, during the long debate on the Sherman bond amendment, that there might be only a short interval between the adjournment of this congress and the assembling of next. There are two or three other matters of discussion still to come up in connection with the pending sundry civil bill in the senate, whose consideration has already consumed the best part of a week. Included among these is the proposed amendment in regard to the site of a new government printing office, around which many opposing interests seem to have entered and enlisted champions on the senate floor. After that bill is disposed of there is the legislative appropriation bill ready for action upon which there are a half dozen hot fights imminent. Then there are the pension and post office appropriations bills to follow. Both of these measures have been productive of many columns of eloquence in the house, and it is not likely they will be passed over lightly in the senate. Mr. Allison has threatened night sessions of the senate to dispose of these appropriation bills, but experience has shown that it is impossible to hold the senate together in night session for more than one or two nights, and those are generally emergency nights at the very close of the session.

The Nicaragua canal bill, another fruitful topic of talk, is the unfinished business, and there is the Hawaiian treaty to be disposed of in executive session.

The appropriation bills are also in a backward state in the house, owing largely to what threatened to be an interminable debate over the pension appropriation bill; and recourse will be had to rapid transit in parliamentary procedure by passing the agricultural and naval appropriation bills under suspension of the rules.

It is possible that the New York bridge bill, and the Utah admission bill may also come up under suspension of the rules.

The passing of the agricultural and naval bills will not be brought before the house until after the pension and Indian appropriation bills.

Mr. Hatch is getting very restless over the delay in the rules committee on his request for a day for the anti-option bill, and it is almost certain that a move of some sort will be made by him this week. He has not asked for an opportunity to pass the bill under the suspension of rules, and it is asserted by its opponents that he could not so pass the bill if he tried.

Two other courses are open to him: First, to get a special order of the rules committee giving him a day for his bill, and then to vote down the previous question, as the silver men attempted unsuccessfully to do, and amend the order by making cloture a part of it; second, to move to go into committee of the whole to consider revenue bills. This latter course would put no curb on the filibusterers, and therefore Mr. Hatch is not likely to take this course. If he did so the fight would be one of endurance between the friends and opponents of antioption bill. Notice has been given that the car-coupler bill, with senate amendments, will be called up next Tuesday.

Judge Jackson's Appointment Confirmed.

WASHINGTON, Feb. 19.—If there was at any time a disposition on the part of the democrats to oppose the confirmation of Judge Jackson to be an associate justice of the supreme court of the United States, that opposition vanished when the senate went into executive session yesterday afternoon.

Judge Howell E. Jackson

There was not even the formality of a vote. The executive journal was read, containing the nomination of Judge Jackson, which had previously been read favorably, and when the president of the senate said: "If there are no objections the nomination will stand confirmed," not a senator opened his mouth. In this quiet way all the opposition disappeared and Associate Justice Jackson will, as soon as convenient to him, qualify for the place to which he has been appointed by a republican president.

The Special Commissioners of the Hawaiian Provisional Government.

WASHINGTON, Feb. 20.—Messrs. Thurston, Castle and Carter, of the special commission of the provisional government of Hawaii, spent yesterday in New York. They are expected to return to-day.

This body of gentlemen has nothing to do now but await the action of the senate on the treaty to annex Hawaii to the United States now pending. If they take the next steamer from San Francisco for Honolulu Mr. Thurston and his associates must leave Washington a week from to-day at the furthest.

Mr. Paul Neuman, the envoy of the lately deposed queen, was confined to his room yesterday by a severe cold. He hopes to be out again to-day. He said last night he had no engagement to meet the secretary of state or the president, but that he intended to call upon Secretary Foster at the earliest possible day after that official returns to Washington.

Mr. Sherman's Three-Per-Cent. Bond Proposition.

WASHINGTON, Feb. 20.—Representative Holman was asked what would be the fate in the house of Mr. Sherman's 3-per-cent. bond proposition, which the senate added to the sundry civil appropriation bill. He answered that the matter had not been discussed at all in the house, and therefore he could not say what was the judgment of that body in regard to it.

"The bill will come up in the house," he continued, "on Tuesday or Wednesday on its return from the senate. My opinion is that the bond amendment, with all other amendments, as a matter of form, will be nonconcurred in, and will then go to the conference. Whatever the conference agrees to amend in the matter will doubtless be acquiesced in by the house. But what that agreement will be of course I cannot tell."

The Cost of Mining Gold Much Greater than the Coinage Value.

WASHINGTON, Feb. 19.—Senator Stewart yesterday submitted an exhaustive report from the senate committee on mines and mining relative to the cost of production of gold and silver. The conclusions drawn are that the cost of production of silver and gold is about equal to the established ratio of 25 8-10 grains of gold to 412 1-2 grains of silver, and that in both cases the cost of production, making account of all legitimate investments, is much greater than the coinage value.

John Marshall's Great-Granddaughter Lying at the Point of Death.

WASHINGTON, Feb. 19.—Mrs. Eugene de Mitkiewicz, the great-granddaughter of ex-Chief-Justice John Marshall of the supreme court, is lying at the point of death at her residence in this city. She is not expected to live the night through.

Death of Ex-Senator George E. Spencer, of Alabama.

WASHINGTON, Feb 20.—George E. Spencer, ex-United States senator from Alabama, died at 10 o'clock last night at his rooms in this city. Although he had been an invalid for a year or more, his death was unexpected.

FIFTY-SECOND CONGRESS.

(Second Session.)

SENATE

WASHINGTON Feb. 18.—By the methods of Vice-President Morton the senate almost escaped debate of the 3 per cent. bond issue amendment to the sundry civil bill, which subsequently lasted for five or six hours. As soon as the bill was taken up Mr Morton put the question on Mr. Mills' amendment "to make the bonds redeemable at the pleasure of the United States," and declared it lost, and then with equal celerity he put the question on the Sherman amendment and declared it carried.

Mr. Stewart soon realized the situation, and at his suggestion the whole question was reopened. Some hours later when the question was about to be taken again, an additional subject of controversy was supplied in an amendment offered by Mr Brice, and the debate upon it went on almost up to the point of adjournment, when Mr Brice withdrew it.

The Sherman amendment was agreed to: Yeas, 30; nays, 16 The bill went over without final action.

HOUSE.

The ugly mood in which the house met yesterday was entirely dissipated to-day. The session was void of interest. There was but one item in the post-office bill which gave rise to any discussion, and that was the one making an appropriation of $196,000 for special facilities on the trunk lines from Springfield, Mass., to New Orleans. But the debate had hardly opened when further consideration of the bill was interrupted, and the house proceeded to pay fitting tribute of respect to the memory of the late Representative John C. Warwick, of Ohio.

ADJOURNED SINE DIE.

The Wyoming Legislature Fails to Elect a United States Senator.

CHEYENNE, Wyo, Feb. 19.—The senatorial contest in this state is at an end. The state legislature is also at an end. They both died away together at noon yesterday. The number of visitors at the capitol yesterday morning to witness the last joint ballot of the legislature ran into the thousands, and all displayed a nervousness, as it was known that if a senator was to be chosen for a term of six years he would have to be chosen by that ballot.

Republicans, populists and democrats all held separate and concerted caucuses for the most part of Friday night and nearly all yesterday morning, but about the only agreement that was reached was to adjourn sine die.

As soon as the chief clerks of their respective houses had called the rolls, Snyder, a populist member from Johnson county, moved the joint session adjourn sine die. Chatterton, a republican, seconded the motion, and it carried, republicans, populists and fully a dozen democrats voting in favor of the motion.

Yesterday morning it was discovered that Russell, the Mormon republican senator from Uintah county, was found to have joined the New forces

Senator McCormick Friday night walked out of the republican caucus, saying that he was no longer a member of that party, but had joined the populists.

The republicans, finding out how matters stood, made a deal with a populist, and when the joint session assembled adjourned sine die without taking a ballot.

This leaves the selection of a senator to the governor, providing it can be shown that such an action will be legal. If the governor can appoint, John C. Thompson will undoubtedly be selected.

THE POPE'S JUBILEE.

St. Peter's Cathredal Thronged from Entrance to Altar.

SIXTY THOUSAND PEOPLE PRESENT

Within the Historic Old Pile, and Forty Thousand Turned Away—His Holiness Officiates at the Special Jubilee Mass.

ROME, Feb. 20.—At daybreak yesterday the pealing of church bells announced the celebration of the pope's episcopal jubilee. By 4 o'clock thousands of pilgrims, priests and citizens were crowded before the doors of St. Peter's. At 5 o'clock two batallions of infantry in full uniform were drawn up before the cathedral so as to be ready to help the 200 or more gendarmes in preserving order. The crowd swelled steadily but remained quiet, despite the tremendous pressure caused by some 5,000 ticket-holders in their desperate struggle to get near the doors.

At 6 o'clock the cathedral was opened and the foremost of the crowd swept in. Within half an hour the great building was packed to the steps. Thirty thousand pilgrims and 25,000 or 30,000 Catholics from this city gained admission. Not fewer than 40,000 persons, many of them ticket-holders, were turned away by the military, who cleared the spaces around the building so as to prevent disorder when the services closed.

The pope entered the cathedral at 9:45, pale, but smiling, and apparently in somewhat better health than usual. The cathedral rang with tumultuous cheering as the pope was borne toward the altar. His holiness officiated at the special jubilee mass, intoning the opening words of the Te Deum and giving his blessing in a clear, penetrating voice. The mass lasted until 10:45, but apparently did not fatigue his holiness. He remained in the cathedral forty-five minutes after the celebration and then proceeded to his apartments.

The crowds dispersed slowly. At noon most of them had gone and a quarter of an hour later the military withdrew.

During the afternoon the Irish pilgrims attended service in the church of St. Sylvester and were blessed by Cardinal Logue, while the English pilgrims at St. George's received the blessings from Cardinal Vaughan.

The weather was magnificent all day. The air was mild and dry, and the sun shone uninterruptedly.

Yesterday evening St. Peter's and all the other churches, all the convents and hundred of private houses were illuminated. The streets were thronged and the square in front of St. Peter's was almost impassable. Without exception, however, the people were perfectly orderly. Not an arrest was reported.

King Humbert and Queen Margaret took their usual drive through the city yesterday and were everywhere saluted respectfully.

Princess Kaiulani Pleads for Her Throne, Her Nation and Her Flag.

LONDON, Feb. 19.—Princess Kaiulani sends the following address to the American people:

LONDON, Feb 18, '93.

TO THE AMERICAN PEOPLE: Four years ago, at the request of Mr. Thurston, then Hawaiian cabinet minister, I was sent away to England to be educated privately and fitted for the position which, by the action of the Hawaiian parliament, I was to inherit. For all these years I have patiently and in exile striven to fit myself for my return, this year, to my native country. I am now told that Mr. Thurston is in Washington asking you to take away my flag and my throne. No one tells even this officially. Have I done anything wrong, that this wrong should be done to me and my people?

I am coming to Washington to plead for my throne, my nation and my flag. Will not the great American people hear me?

[Signed] KAIULANI

Ed de Corbin Arraigned and Admitted to Bail.

BELFAST, Feb. 19.—Ed de Corbin, the ex-member of parliament, who was arrested Friday at his residence, Hampton house, to which he had returned from a long absence on the continent to avoid the service of a warrant issued against him for unnatural crimes, was arraigned before a police magistrate yesterday. He was subsequently admitted to bail in the sum of £1,000.

Will Accept One-Half the Proposed Reduction.

LONDON, Feb. 19.—The striking cotton-spinners in Lancashire have agreed to accept a 3½-per-cent. reduction in their wages. The master cotton-spinners will hold a meeting this week to consider whether they will reopen their mills at the reduction. The strike, it will be recalled, was against one of the masters reducing wages 5 per cent.

Death of an Old Soldier.

LANCASTER, Pa., Feb. 20.—Maj. H. A. Hambright, United States army, retired, died yesterday morning from a cancerous affection, aged 74 years.

Maj. Hambright served through the Mexican war and also through the rebellion, at the close of which he had become a brigadier-general. He then entered the regular army, from which he was retired several years ago.

Dixon Challenges Griffith.

BOSTON, Feb. 19.—Thomas E. O'Rourke has posted a forfeit of $500 accompanying a challenge to Johnny Griffin to fight Dixon. Dixon, O'Rourke says, will fight Griffin at 120 pounds for nothing less than $10,000 a side and the largest purse offered by any club, the match to come off after the Dixon and Sol Smith battle.

So Near and Yet So Far.

HELENA, Mont., Feb 19.—A large number of members of the legislature were out of town yesterday. Mantle (rep.) came within four votes of an election. The ballot resulted: Mantle, 23; Clark, 18; Dixon, 12; Couch, 1; Hunt, 1.

TERRIFIC EXPLOSION.

A Locomotive Engine Blows Up, Creating Death and Havock.

FORT WORTH, Tex., Feb. 20.—A Texas & Pacific freight engine exploded in the yards yesterday morning at 10:30, creating death and terrible havoc. Engine 319, which had been in use one and one-half years, had been run out of the round-house to go on its run at 6 o'clock. Steam was up and sufficient water was in the boiler, and she had 150 pounds of steam on fifteen minutes before the accident happened. The engine exploded, arousing the entire city of 30,000 inhabitants for miles around. The shock broke window glass in the immediate neighborhood and at many points for eighteen blocks away. Huge pieces of the engine were hurled to almost incredible distances around the yard, and the bell has not yet been found. Those killed and injured are:

John Mills, fire knocker; horribly mangled and killed outright.

Robert Thompson, night round-house foreman; right leg broken, face and body badly scalded and eyesight destroyed.

S. M. Deats, night hostler; right arm broken, left leg and knee-cap badly bruised, face and eyes scalded and head bruised.

W. E. Haden, night car marker; nose broken.

W. R. Barrett, night yard foreman; left hip dislocated and face bruised.

W. D. Ford, foreman; seven ribs broken and hurt internally.

The injured were taken to the hospitals. All will be cripples for life.

Conductor Craine and Engineer Sample were sleeping in a caboose seventy feet from the explosion, but knew nothing of the occurrence for an hour afterward. One of the yardmen was repairing the air brakes under the engine cab and was not scratched. Thousands of people have viewed the wreck. The only plausible cause given is that the fire-box blew off, caused by weak stay bolts and flues.

AFTER THE BATTLE.

Populists Discussing Means of Getting Even—Col. Hughes' Case.

TOPEKA, Kan., Feb. 19.—There is much talk among the populists of taking legislative action next week in relation to some of the actions of the past week. A member said yesterday that he would do all he could to secure the passage of bills withdrawing appropriations from the State university, State normal school and other state institutes that *sent young men here to help defend the* republican house. Adjt.-Gen. H. H. Artz says that in less than six months he hopes to have the Kansas state militia in such shape that when he should call for the aid of the troops he would have 1,000 men on whom he could depend to obey the orders of the governor. He said this in discussing the dismissal of Col. J. G. F. Hughes of the third regiment, who was relieved from duty because he disobeyed the order of the governor to take possession of representative hall Thursday.

Col. Hughes will be tried by court-martial for insubordination. He says he will not be satisfied unless his trial is held as soon as possible. "There are three ways an officer of the militia can leave his charge," said he. "Die, resign or be dismissed after trial by court-martial. I expect to be tried, and want to be tried. I do not expect to get my shoulder straps back again, for I think the populists will reorganize the militia as much as possible so as to get men who will be in support of their cause. I am told that my commission as colonel has not been revoked, but that I am dismissed from the service. I want a trial and dismissal in a formal and military manner before I will be satisfied."

A Novel Contest for the World's Fair.

NEW YORK, Feb. 20.—Albert Manheimer, of No. 823 East Forty-fifth street, who holds the world's record for dressing a steer, has challenged Michael F. Mullins, of Chicago, who has defeated every butcher who ever contested against him, to a beef-dressing match at the World's fair, soon after the opening. The contest is to take place in a big slaughter-house, where all the operations of converting animals into food will be shown

Details of the contest have not been settled yet, but Mr. Mullins wrote to Mr. Manheimer last week that he would be very glad to meet him.

Earthquakes in Yellowstone Park.

BOSEMAN, Mont., Feb. 20.—Dr. Chas. H. Plummer of this city has just returned from Yellowstone national park. Dr. Plummer reports that a series of earthquakes have been felt in the park during the last few weeks, one of which was of the most terrific force.

Parts of the park have not been heard from on account of the immense snows. Above the Mammoth hot springs there is a solid bed of snow seven or more feet deep. Dr. Plummer reports that the mammoth Excelsior geyser is very active, and its great crater is filled with water.

Charles Mitchell Going to New Orleans.

NEW ORLEANS, Feb. 19.—President Noel of the Crescent City Athletic club has received a telegram from Charles Mitchell giving notice that the English pugilist will be in New Orleans on the 25th. He will be the guest of the club, and its officers will extend him every courtesy. It is not known on what terms the clubs will begin to bid for the Corbett-Mitchell fight. From an authoritative source it is learned that when Mitchell arrives here some unofficial offers will be made with a view of ascertaining his figure. But all clubs will wait for the Coney Island club to open the ball.

Burned to Death in the Presence of Her Children.

SHAWNEE, O., Feb. 19.—Mrs. J. H. Hilton, aged 26, met with a horrible death at her home, two miles, east of here. She was subject to fits and had one during the absence of her husband. She fell against the grate, her clothes caught fire and she slowly burned to death in the presence of two helpless children.

THE NEWS OF THE DAY

A Bloody Row at Albert Lea, Minn., Narrowly Averted.

ESCAPED A COAT OF TAR AND FEATHERS

Democratic Rule in Alabama Perpetuated—A Consignment of Kangaroos—Shot Through the Heart at a Gambling Table, Etc.

A Bloody Row Narrowly Averted.

ALBERT LEE, Minn., Feb. 19.—Blood was shed yesterday afternoon between citizens and the city government and the killing of several persons was narrowly averted.

Gal. Brandson Bros. began the erection of a warehouse. The city council, condemned the building and ordered it torn down. A war of words occurred, and Acting Mayor Wilkinson gave the lie to Alderman Ransom who quickly resented it by a staggering blow on the acting mayor's mouth, spattering the council chamber with pools of blood. Then they clinched, but were separated. The fire department was ordered to tear the building down and began the work at 9 o'clock last night.

The town is in the streets, but an extra force of police is on duty and probably further bloodshed will be averted.

Everlasting Democratic Rule in Alabama Assured.

MONTGOMERY, Ala., Feb. 20.—Saturday night the senate passed the Sayer election bill. It had already passed the house. The governor will sign it and it will then become a law of the state.

The new election law provides for the Australian ballot. Its effect will be to disfranchise illiterate negro voters to the number of about 40,000 or more in Alabama. The penalties for violation of the sections governing registration and voting are very rigid. The new law will go into effect with the next general election. The Kolb third-party populists in both houses were against the bill all the way through. They had been clamoring for a new and fair election law for two years past, and when this one was offered them they opposed it directly. This bill means everlasting Democratic rule in Alabama.

Escaped a Coat of Tar and Feathers.

BEDFORD, Pa., Feb. 20.—Saturday night twenty men, part of whom were masked, called at the house of John H. Pleasinger in the suburbs of the town and asked for Orange Gordon, a colored man who has been waiting on Pleasinger's daughter. Pleasinger showed fight, when four revolvers were thrust in his face, which had the result of quieting him. They then searched the house, but Gordon had made his escape at the rear. They then went up stairs, and finding the girl in bed, gave her a mild thrashing with hickory switches. The girl showed fight and succeeded in knocking one of the Whitecaps down. The party were provided with tar and feathers, and Gordon would have fared badly had he been found.

A Consignment of Kangaroos.

NEW YORK, Feb. 20.—A fine collection of kangaroos consigned to F. Blumenthal & Co., of 193 Williams street, arrived in this city Saturday. Messrs. Blumenthal & Co., who are dealers in leather, and want to make a large exhibit at the Chicago Columbian exposition, ordered their agents in New South Wales to send them the finest possible specimens all stuffed and mounted. The young kangaroo is called a joey, and travels, until it has reached an age of independence, in a pocket which the mother wears just below her chest. The most interesting feature of the collection received is a gray female with her joey in her pocket. The largest specimen, a gray-coated male kangaroo, measures seven feet from nose to tail

Shot Through the Heart at a Gaming Table.

CHICAGO, Feb. 20.—Samuel Dorrett and John Williams, both colored, quarreled over a game of cards in H. H. Henderson's saloon, at 486 Dearborn street, yesterday afternoon. Williams fired four shots at Dorrett, only one of which took effect, inflicting a flesh wound. Dorrett fired once, and Williams dropped dead with a bullet through his heart.

Sudden Death of a Life Saver.

CLEVELAND, O., Feb. 19.—Charles C. Goodwin, for many years the captain of the Cleveland life-saving station, and who had been instrumental in saving a number of lives off this port, died suddenly, yesterday, of heart failure.

THE LITTLE FOXES.

It is the little foxes that tear down the vines, says Solomon. It is the little things that count in life. It is the little colds that count. It is sending the children to bed with wet feet that brings on the croup. It is catching a little cold and neglecting it that brings disease and sickness. It is catching sore throat and then going about unprotected that ends in dyptheria and death. Watch these little sources. It does not take much time but it is the little safeguards that count in the battle of life. When you get sore throat or cold take Reid's German Cough and Kidney Cure. It is the best thing in the world for every form of disease that arises from a cold. Statistics show that nine-tenths of the entire human race perish from this cause. It follows therefore that if you will avoid taking cold your chances for long life are doubled. This great remedy does not only stop your cough but it aestores your circulation to its normal condition and thus enables the system to throw off the malady. Get this great remedy of any dealer.

DECATUR, ILLINOIS.

Entered at the Post Office at Decatur, Illinois as second class mail matter.

MOFDAY EVE., FEB. 20, 1893.

PRESIDENT CLEVELAND will not live in the WhitehHouse. The Admiral Porter homestead is being prepared for the occupancy of the President's family.

THE appointment of Judge Howell E. Jackson of Tennessee by President Harrison was confirmed Saturday by the unanimous vote of the senate, the objections of Little Boss Clarkson to the contrary notwithstanding.

DR. PARKER, in his talk yesterday about church extension, in speaking of the work done in Kansas, parenthetically remarked that Kansas was always ready for a prayer meeting or a fight, and it seems that they enjoy the one about as well as they do the other.

DEWITT county is well represented in the front rank of the Kansas war. Judge Doster, the leader of the Populists, and R. B. Welch, chief of the sergeants-at-arms, appointed by the Republican house, were both raised south of Farmer City. McLean county has also a representative in the person of A. B. Campbell, chief of the sheriff's deputies.

EVERYBODY will be pleased under the circumstances that the misguided Hugh O'Donnell of Homestead was not found guilty of murder as charged. The law ought to reach the demagogues who were behind O'Donnell and ruined his happiness, but it will not. They will be candidates for office as the friends of the laboringmen, while Hugh O'Donnell will be left to recover his lost fortune as best he can.

THE Populist chaplain of the Kansas senate, smarting under the defeat of the Populists in their revolutionary proceedings, opened the senate with the following prayer:

"May God have mercy on this treason-infected state. Amen."

It would have been more creditable to this doughty parson, if he had done his swearing at the Republicans in good old Anglo-Saxon cuss words, than to do it in the form of a prayer.

THE Populists, with the view of retaliating on Topeka, Kan., have passed resolutions looking to the removal of the capital to Ellsworth, providing that city will donate fifty acres of land and $200,000. Under existing conditions, no city would give two hundred cents to have the Kansas capital if it had to take the Populists with it. If the Populists want to remove the capital where the conditions are more congenial to them, they ought not to stop short of Mexico or some other place where it is still hotter.

SENATOR BAKER, of Leavenworth in the Kansas senate Saturday, arraigned the Populists on the following charges:

1. You have confirmed as Adjutant General in the name of reform an alleged bribe-giver,
2. You have appointed in the name of reform as Railroad Commissioner an alleged bribe-giver.
3. You have a State Treasurer in the name of reform with a straw bond.
4. You have attempted in the name of reform to Mexicanize Kansas.
5. Senators in the name of reform, have openly defied the law and denied the obligations of the constitution.
6. In the name of reform you have organized a rebellion. The lives and property of the people are now subjected to a military mob, a disgrace to the State and an outrage to our civilizatin.
7. You are the Herr Moste and the Haymarket men of Chicago, you are red-handed anarchists.

THE effort of Gov. Lewelling, of Kansas to Mexicanize his state, proved a lamentable failure. The commander of the militia and the sheriff understood their duties, and the requirements of their oath of office, too well to obey the orders of the anarchist. When he ordered the militia to eject a house of representatives from the hall, the colonel refused to obey the order stating that it was not his duty to bring on a conflict, but to preserve order. And the sheriff, who had not exhausted his ability to preserve order, a condition which, according to the laws of Kansas, must exist before the governor would be justifiable in calling out the militia, notified the governor that he must remove the militia or he would drive them out of his county, then proceeded to swear the militia men in as deputies, thus leaving the revolutionary governor powerless to carry out his revolutionary and partisan schemes. It is safe to say that Governor Lewelling knows more than he did a week ago.

Kansas Itself Again.

The Populist farce in Kansas is about ended and its exit is that of every organization which proceeds on the theory that the laws and the courts ought to be defied. The policy of the Kansas organization, as directed by the Kansas leaders, was a menace to Republican institutions, which meant that unless the organization was defeated good government would suffer. These facts impressed themselves upon the good people, both in the Democratic and Republican parties, and resulted in the overthrow of the rump populist house, which means the end of that party in the state. The aphorism, "Whom the gods would destroy they first make mad," was never better exemplified than in the case of these Populists, consisting of a governor, the other state officers and the so-called Populist house. Their resort to force proved the downfall of their cause. There never has been the semblance of justice in the organization of the Populist house, for at no time did it consist of a majority of the members elected to the House of Representatives. The Republicans were in the majority and were the legal body; so recognized by the Democrats and many Populist Senators themselves; but contrary to law and the constitution, the governor sought to declare the minority the legal organization and finally attempted to expel the Republicans and Democrats, who acted with the former, from the hall of the house which they alone legally controlled. In this he was overwhelmingly defeated, and forced to surrender in the most humiliating manner.

The Franklin county Democrats, in mass meeting for the purpose of giving expression to their views of the situation, put the case in the following resolution very clearly:

We hereby condemn the paternalism of the so-called People's party of Kansas, and call upon all good Democrats to join with us in driving this dangerous party from power in our state. We hereby condemn the revolutionary action of the minority of the of the Kansas House of Representatives, and also condemn Gov. Lewelling in recognizing it as disloyal and tending to anarchy. We denounce the Executive Council for approving the illegal and insufficient bund of Treasurer Biddle, thereby jeopardizing and endangering the public funds of the state.

The courts will decide the Populist house illegal within a few days and it will be abandoned, when the legally elected members will take their seats in the proper body, and Kansas will then be redeemed from the hands of anarchy; and the Governor who has displayed his ignorance and stupidity will serve out his term unhonored by all good citizens.

On Gresham.

A few days ago it was with difficulty that two members of congress were kept from coming to blows in the house over a controversy in which one alleged that an Indiana soldier, who was drawing a pension for total deafness, was holding a position in the pension office in which part of his duty was to receive messages by telephone. The facts turned out to be that the soldier in controversy was deaf in one ear and occasionally received telephone messages by the use of his good ear, but when it was discovered that he held his position on the recommendation of Judge Gresham, who has been selected by Cleveland for secretary of state, everybody laughed, and the ordinary good humor of the body was restored. Some of them thought the ears of the pensioners were a good deal like the judge's peculiarity, valuable for securing a pension as well as to serve him in doing business, or in other words, that the notion that a man could vote for Cleveland without being a Democrat, is a good deal like a man getting a pension for total deafness and then using the same ears to hear the "hello" through a telephone.

1st. That with our bed it is *Impossible to Wear the Carpet* or mar the wall as with the "turn around" style of combination.

4th. The bed may be open and not interfere with the easy access to the cabinet.

5th. The operation of opening and closing requires less floor space than any of the former styles of combination beds.

6th. The cabinet can be moved *Either to the Right or Left* of the bed, whichever is most convenient to the room.

7th. Our bed is *Perfectly Safe*, as it is impossible to tip over or close up except when desired.

8th. We have the *Lightest Weighted* bed on the market, using but 40 pounds of weight and *No Springs* to weaken, groan or get out of order.

9th. We have a *Comfortable Bed*, because you can use any bed spring desired and have plenty of room for mattress and clothing.

10th. The entire piece can be handled in *Three Separate Parts*, which makes it very convenient to move, as it can be taken up any stairs or through the smallest doorway.

11th. We have the *Best Ventilated* bed on the market, and the easiest to clean or dust. The only practical combination bed for every day use.

IT IS 22,696.

Population of Decatur Township as Returned by the Enumerators.

The official enumeration of Decatur township ordered by the town board, has been completed and J. S. McClelland, the chief enumerator, reports the total population of the township at 22,696. Within the city limits as recently extended there are 20,000 people, which is a gain of nearly 4,000 since the government census of 1890. In Riverside Place there are 216 residents, and many of the other new additions are increasing in population with equal rapidity.

This count was made for a purpose. It was to learn how many additional assistant supervisors should be voted for at the approaching township election. Under the law the 22,696 population gives Decatur township two extra supervisors. The town clerk will issue his call for the election in a few days.

A Delicate Operation.

E. V. Heaket, of Sullivan, solicitor for the Sullivan *Progress*, brought his daughter, Ettie, yesterday to Dr. Walston's Sanitarium for a surgical operation. Mrs. Heaket and another daughter, Miss May Heaket, also accompanied her. Miss Ettie has been suffering for about two months with a painful ailment. Dr. Walston has made several visits to the patient at her home in Sullivan, but the trouble was of that character that it was finally decided that she be brought to the Sanitarium, where she could be more conveniently treated. When the patient arrived an examination revealed the fact that the patient was suffering from an abcess in the side, and that a surgical operation was necessary. Dr. Walston, having decided upon this course, called to his assistance Dr. Will Barnes and Dr. Ira Barnes. The operation was a delicate one and required the best surgical skill. The patient stood the operation well and the surgeons succeeded in removing a large quantity of pus. Miss Heaket is getting along as well as could be expected and will remain in the city until she recovers.

Birthday Surprise.

Saturday was Capt. I. N. Martin's 61st birthday anniversary, and in the evening a company of relatives and friends gave him a most enjoyable surprise at his home on South Union street. A large company descended on him, and after his recovery from the effects of the unexpected invasion, he was given a second second surprise by the presentation of a handsome rattan rocking chair. The guests heartily congratulated the Captain on having attained his 61st birthday, and hoped he would live to celebrate many more anniversaries. An elegant supper was served during the evening. Those present were J. A. Reeve, N. Pringle, M. Etchinger, D. E. Baldwin, Garret Kussick, George Bedford, W. W. Brown, A. T. Grist, Lee Cope, H. H. Stafford, H. N. Fullinwider, Major McIntosh, George Rigney, George Bushart, Andrew Miller, J. H. Martin, I. N. Martin, jr., and their wives; Mrs. Ella Miller, of Chicago, Mrs. Sophia Rigman, Misses Jennie Taylor, Ellen Powell, Kate Morris, Daisy Stafford, Bessie Grist, Nora Martin and Hattie Martin.

A Strong Play.

"The Danger Signal" is the title of the play which is announced as the attraction at the Grand Opera House next Thursday evening, Feb. 23, with winsome Rosabel Morrison in the leading role. The play draws its name from the fact that an express train is in danger of an accident at a railroad crossing, and that the heroine, at the risk of great peril, waves the danger signal in time to rescue many lives. The play deals of Western life, and abounds in strong scenes and stirring climaxes, interspersed with many laughable incidents and comedy flashes. The play is from the pen of Mr. Henry C. DeMille, author of many successes, notably "The Wife," "The Charity Ball," "Men and Women," "The Lost Paradise," and other successful productions, from the Lyceum Theatre, New York, and at which house "The Danger Signal" was first produced to enthusiastic audiences. The company supporting Miss Morrison is a very strong one.

Afternoon Party.

Miss Sue Maris gave a delightful party Saturday afternoon at her home on West North street between the hours of 2 and 6 o'clock. During the afternoon they enjoyed games, music and dancing. A delightful supper was served at 6 o'clock. Mrs. Maris was assisted in chaperoning the girls by Mrs. Harlie Maris. Those present were Edith Carter, Bessie Lutz, Dessie Hamsher, Gertrude Dillehunt, Alice Bevans, Ethel Quinlan, Marian Barrackman, Mary Barrackman, Noy Montgomery, Lue Durfee, May Mills, Leslie Mafft, Ethel Thayer, Madge Young, Julia Gasaway, Lucy Cloyd, Elsie Bartholomew, Marguerite Stauffer, Charlotte Nelson, Marie Powers, Jeanette Powers, Alberta Barnes and Samuella Young.

Tax Notice.

You are notified that your taxes for 1892 are now due. The amount to be collected is the largest in the history of Decatur township and the time for collecting is short. You will therefore please call at my office as soon as possible and get your receipt, which is already prepared. My office will be open every night till 9 p. m.

H. C. Anthony's New Home.

H. C. Anthony, of the well-known firm of Anthony & Webb, has plans for a handsome $3000 residence, which he intends erecting this spring in Millikin Place. The residence will be ready for occupancy about the first of May. The plans show the structure to be a very imposing one, with a handsome tower on the northeast corner. The first floor plan is most conveniently arranged, and consists of a reception hall 8x17 feet, a parlor 14x15, a dining room 14x16, and the kitchen 13-6x14. On the second floor there are three chambers and an annex, besides a bathroom. The house will be 31x45 feet, and will contain all modern conveniences. The brick has already been delivered, and as soon as the weather will permit ground will be broken.

Several other fine residences will be erected in this addition this spring.

John L. Sullivan.

The attraction at the Grand Saturday evening, Feb. 25, will be no less than John L. Sullivan in his new romantic and sensational drama in four acts by Edmund E. Price, entitled "The Man from Boston." Mr. Sullivan's character is entitled Capt. Harcourt. He made his first appearance in the above at Providence and the press were unanimous in his praise, and the cheers that greeted the pugilistic idol of so many years were tiresome to the ear—his appearance in Boston and a new president elect could not have been more enthusiastically received. The applause lasted fully two minutes, so great was the enthusiasm that Actor Sullivan could not proceed with his part owing to the numerous cheers; he has friends by the millions and when he appears in our midst, which he will do at the above theatre Saturday, he, it is sure will be accorded the same reception amongst his friends.

The Game of Lacrosse.

Last season Decatur enjoyed the reputation of having as good lacrosse team as could be found in Central Illinois. While they never played any championship games they played among themselves, and, by steady practice, obtained a proficiancy in wielding the lacrosse stick which would enable them to battle with the best amateur teams. Tom Burke was captain of the team and is quite an enthusiast. Already an effort has been made to reorganize the Decatur Lacrosse club, and the movement has met with good success. All they need now is the grounds, and they are figuring on securing a park easily accessible by the street cars.

The Largest Dog in the World.

Stetson's Uncle Tom's Cabin company claims this honor. The dog in question weighs 208 pounds, stands thirty-five inches high to the shoulder and measures seven feet from tip to tip, and cost Mr. Stetson $1,000. He was originally the property of the Czar of Russia and was presented by him to Miss Marguerite Fish, the well-known actress, and sold by her to Mr. Brandenburg, of museum fame, and was exhibited by him in all the leading cities in the United States and can be seen daily in the monster street parade given by the company which will exhibit at the Grand Friday night, February 24.

Hoyt's "A Hole in the Ground."

Charles Hoyt enjoys a stellar reputation as a constructor of farce comedy. His pen is responsible for many bright, pleasing skits, whose success has been of a flattering order. Of the many things written by him his clever satire on railroads and drummers, entitled "A Hole in the Ground," which will be presented at the Grand to-morrow night, is considered one of the best. The subject is one that permits of humorous elaboration without any attempt at burlesque. The story of "A Hole in the Ground" offers no innovation as regards plot. The main object of the piece is to create fun. See the play.

A Painful Fall.

Mr. W. M. Galbraith of this city, while in a little town south of Decatur yesterday morning slipped on the ice and sustained some painful injuries. Among other fractures his nose was broken and his eye terribly crushed, though not so badly that he will lose it. S. W. Sangster of this city happened to be in the same town at the same time and very kindly took Mr. Galbraith in charge and brought him home last night. Mr. Sangster's services were a great comfort to Mr. Galbraith.—*Bloomington Leader.*

MARRIED.

On Saturday, February 18, at the home of the bride's sister, Mrs. E. E. Grindol 1775 North Clinton street, by Rev. W. H. Pendallegon of the Presbyterian church, John P. Davidson and Miss Della Crawford.

There was a fine wedding repast served for the bridal couple and friends.

In Memoriam.

Hall of Progress Degree Lodge, D. of R., No. 141, I. O. O. F.

WHEREAS, It has pleased God in His most infinite wisdom to take from our midst our well-beloved sister, N. M. McGarvey, February 5th, 1893, wherein we relinquish our claims with sorrow, but rejoice in her everlasting gain; therefore be it

Resolved, That by her death our order has lost a warm advocate of its principles, her friends one whom they all loved and admired for her many virtues, and her family a loving wife and mother.

Resolved, That we extend to the afflicted husband and sons our heartfelt sympathies in this, their deep bereavement.

Resolved, That as a further token of our respect, that the charter of our lodge be draped in mourning for thirty days, and that these resolutions be spread upon the minutes of the lodge, and a copy be presented to the family.

To close the eye when twilight gray
Falls o'er a world, a world of care,
And waken in the far away,
Where all is bright and fair.
Who would not then without a sign
Rejoice to go to sleep and die?

Then steal away, give little warning,
Choose thine own time,
Say not good night!
But in some brighter clime
Bid us good morning.

Harry J. Evans' Reception.

One of the most successful and brilliant receptions that Monticello ever witnessed was given at the Hotel Sackrider on Friday night. The occasion was the reception and cotillion party given by Harry J. Evans to his many young friends. The guests were received in the parlors of the hotel from 8 to 9, when the grand march began in the large dining room. This was participated in by over fifty couple. Music was furnished by the McKeenan orchestra. The following were present: The Misses Josephine and Belle Keefe and Miss Bucket, of Decatur; J. O. Evans, J. Howars, W. Hammond, A. Hut, Misses Myrtle and Minnie Colling, the Misses Holdeman, of Bement; Miss Boner, of Champaign; C. Mack of Mansfield; Misses Mira McReynolds, Mollie Hemphill, Josie Platt, Mary Hanbarger, Nannie Hammond, Alice and Hattie Meredith, Hattie Walker, Mattie Jamison, Lillie Woolington, Grace and Lulu Coffman, Katie Plank, Gellie Britton, Anna Heath, Dilla Evans, Mabel Bendure, Della Keenan, Carrie Sackriter; Messrs. Harry J. Evans, L. Niles, Platt Smith, H. Watts, C. Cantner, S. Miller, W. S. Ridgley, H. Dalstuab, C. McCand, Frank Basle, John Ayer, Scott Platt, K. Smith, Ed Widdecburn, W. F. Lodge, Don Platt; Clyde and Gay Rider of Monticello. Dancing was continued till a late hour. Refreshments were served at 12 in the ladies' ordinary.

Where the Buffalo Drank.

A traveler describes a strange formation in Mitchell county, Tex., which, in our time at least, will be a reminder of the days when the buffalo roamed the plains of the great west. "At the junction of two creeks," he writes, "is a bed of friable gray sandstone mixed with coarse gravel. Water passing over the edge of it has worn away a part of it, and has created a fall of thirty feet. The loose gravel carried round and round in the eddies has gradually bored holes in the sandstone. These holes are from three to six feet wide, circular, and from fifty to one hundred feet deep. There are from fifteen to twenty of them, all filled with fresh water. By the long-continued churning of the gravel they have been made jug-shaped or cistern-like, and in some instances the wall dividing the two wells has been cut through. This must have been a favorite watering place with the buffalo. In the solid rock is cut a deep trail down to the water. And where the descent is steepest the footmarks are over six inches deep, showing that every animal passing there put its foot exactly in the spot occupied by those which had preceded it."—Detroit Free Press.

Had Not Slept For Years.

Mr. A. Jackson, an old resident of Rusk, Texas, and manager of the magnificent new Hotel at Rusk, informs us he had not slept at night for years except in short naps, owing to incessant coughing. He was advised when very much run down to try Ballard's Horehound Syrup; he was immediately relieved of his Cough and his rest improved to such a degree that he could sleep soundly all night; Mr. Jackson states: "I regard Ballard's Horehound Syrup superior to any Cough Syrup on the market, and its freedom from opium and morphine leave no constipation after using it. For this reason alone I consider it the best Cough Syrup in the world for children. My lungs are now stronger than they have been for years. This Syrup is very soothing to the throat and lungs." Dr. Oneal in Iowa.

In a recent issue of the Chariton, Iowa *Herald*, appears the following reference.

It is seldom that an audience is given an opportunity to listen to as able and scholarly a lecture as that of Rev. Dr. H. H. Oneal last Monday evening on the French Revolution. This historical fact was treated as "the tragedy of history." With a diction at once forcible and elegant he pictured this period with all of its horrors and sorrow in a facinating and enchanting manner.

The causes were carefully and chronologically arranged. The growth of the spirit of liberty in France was shown to be similar to that in America. The Revolution in the one was a grand success; in the other, a horrible failure. The various measures of last resort by the nobility and clergy against the common people were indelibly impressed upon the minds of his hearers. The political excitement preceding the election of the States General, the assembling of that body, the noted personages composing the assembly were all depicted in a manner that indicated the dramatic power of the speaker. The King and the Queen, Robespierre Murat, Danton, Napoleon and Josephine were pointed out in the assembly and so vividly described that they seemed almost present in person.

Rev. Oneal is a fluent, easy speaker, eloquent at times, mingling enough of humor in the lecture to keep the mind alert to catch each new sally.

The subject, one of great interest, was well handled. French history and French character will be studied with renewed zest by those so fortunate as to listen to the speaker.

If Rev. Oneal should lecture again in Chariton, he will receive a cordial welcome by all of the intelligent and appreciative audience that hung upon his words last Monday evening.

PASTORS AND PEOPLE.

Inaugural Sermon by Rev. Simon Rohrer at the Christian Church.

Fythian Observance at the First M. E. Church—Sir Knights in Uniform—Educational Services.

Sunday was a day of special interest to the membership of the Christian church. It was the occasion of the formal inauguration of Rev. Simon Rohrer, late of Indiana, as pastor of the church, and at the forenoon service the ample capacity of the church for the congregation was crowded. Every pew was filled. Rev. Rohrer is a clergyman of pleasing personal address, in the prime of life, and, judging from the sermons of yesterday, he will not only prove to be a powerful and influential messenger for Christ, but will be useful and effective as a pastor. He speaks extemporaneously and commands the attention of his audience by the magnetism of his presence, his logic and his eloquence. The subject of the morning discourse was "Christ a Representative of God, and Type of Perfect Man." It was an appropriate theme. It was of personal importance not only to the newly chosen clergyman, but to the membership and congregation as well. Rev. Rohrer said he came to the church to present the love of Christ, the perfect man, and he held out the invitation to all to accept that love and enter into the enjoyment of the Christian life. At the close of the service several persons united with the church by letter, and the pastor, with the congregation standing, and in the name of the church, extended the right hand of fellowship to the strangers. It was a very impressive and touching ceremony. The Holy Sacrament was administered under the direction of Elder George R. Bacon, and the congregation was dismissed.

THE FIRST M. E. CHURCH.

The morning services at the First M. E. church were of a special character and was called "Southern Education Day Service," and related to the educational work of the Methodist Episcopal church in the southern states among both colored and white people, which is directed by the Freedmen's Aid and Southern Educational society. The program was printed and contained special music for the occasion, and was as follows:

Voluntary..... .....Gloria Patri
Hymn..... "Cast Thy Bread Upon the Waters"
Prayer.....
Hymn..... "We Walk by Faith"
Scripture Reading.....
Hymn..... ....."My Native Land"
Appeal and Collection .....
Hymn..... "Is Thy Crumbs of Comfort Failing?"

The Rev. T. A. Parker, by way of an appeal for contributions, preached a short sermon, in which he showed what had been accomplished by the society in the direction of building colleges and seminaries in the south. He said 27 academies, 3 universities, 1 seminary and 10 colleges have been built, at a cost of nearly two million dollars, and that these schools now have 9,310 students and 330 teachers, and that from the beginning they have had a total of 54,324 students. He also gave a history of the illiteracy of the south, its cause, and the great need in that section of the country of a better civilization, which alone could be accomplished by a better education. At the conclusion of his address he asked the congregation for $150, the amount it has been assessed for the cause.

FYTHIAN OBSERVANCE.

At 3:30 o'clock in the afternoon Mr. Parker delivered the annual sermon to the different organizations of the Knights of Pythias. It was the 30th anniversary observance of the organization of the Pythian order. All the lodges were present. The Uniform Rank under command of Captain A. T. Grist was in uniform. The singing was led by the First M. E. church choir. The text of the sermon was Proverbs, 14; 14, "A friend loveth at all times." The speaker divided his subject into two parts. First, "The nature of friendship." Second, "Friendship in action." He said "the best illustration of friendship was found in the parable of the Good Samaritan, as recorded in the Gospel of Luke. Compassion is the secret spring of all friendship and is not the product of religion, but is the natural property of the human heart, which has the proper conception of the brotherhood of man. Compassion is often blunted by too close devotion to business and often by religious prejudice and also by national prejudice. Men ought to recognize the fact that there is something in this life more valuable than business; more valuable than national pride; more valuable than stocks and bonds, and that is Humanity. Though friendship has its seat in the heart it is useless unless put into action." Following this thought the speaker gave illustrations of friendship in action, which included the story of Damon and Pythias, and closed by calling attention to the fact that Christ did that which no other person had done, namely: he died for his enemies.

The usual services were held in the evening.

It Will Be a Treat.

He Was a Deputy.

A Decatur young man was in the thickest of the excitement during the warlike times at Topeka, Kansas, last week. It was John B. Spalding, son of Dr. Spalding. John was there on book business, and he joined the Republican forces. He was sworn in as a deputy sheriff, and was given a Winchester rifle to do guard duty. He was put in command of a company and did his duty bravely.

THE Democrats in congress have failed to pass their proposed amendments to the present pension laws withdrawing pensions from widows who were not married to soldiers within five years after the war, and the one discontinuing pensions to soldiers now drawing pensions, whose incomes are $600 a year and over. The pension appropriation bill passed without these riders, but the Democrats will try it again next year.

Serious Result of a Runaway at Forsyth Saturday Afternoon.

James Miller was probably fatally injured in a runaway accident Saturday afternoon at Forsyth. He had driven in from his farm north of Forsyth. The team was attached to a farm sled, with some loose boards thrown over the runners. Mr. Miller drew up in front of Dan Parkhurst's barber shop and went inside. While he was gone the team started off, and he hurried out to stop them. He jumped on the loose boards, and as he did so a citizen stepped in front of the horses and threw up his hands. This checked the horses sudden and caused Miller to fall forward suddenly. He was caught between the tongue and double-tree, and with his shoulders and head striking the ice and snow he was dragged an eighth of a mile before the team was stopped by Henry Marcus and others. Mr. Miller was picked up in an unconscious condition by W. F. Hoover and Edward Crawford. He was found to be frightfully hurt. He was kicked twice on the head, and there are two bad fractures—one over the right eye and one at the back of the head. Dr. E. A. Morgan, of Maros, attended him. He was resting fairly well to-day. It is too soon yet to determine the probable result of the injuries inflicted. Mr. Miller was a tenant farmer, and was past chancellor of Starlight Lodge, No. 235, at Forsythe. He had arranged to take possession of a farm near Macon March 1, and would have moved in a few days.

M'KEE RANKIN IN LUCK.

His Father Gives Him an Estate Worth $200,000, and He Retires from the Stage.

A telegram from Detroit states that McKee Rankin has come into possession of another fortune. The actor's aged father, Col. Arthur Rankin, who is being treated at Windsor, has transferred to his son all his property, estimated to be worth $200,000. He reserves to himself only $100 a month, which he receives from property in Algona. The property transferred includes 8,000 acres of land in Rankin township, near the Sault Ste Marie bridge, Ontario, and 100,000 acres near the Mannitouian islands. Mr. Rankin gave his last performance at Detroit Saturday evening, and will disband his company and devote his time to the management of the estate and the care of his father. Mr. McKee Rankin had financial difficulty in Decatur in December when "A Kentucky Colonel" was given at the Grand. The company disbanded, and Fred Bryton went off to Chicago. Since that trouble the Rankin company reorganized in Chicago.

HEFFNER ON TRIAL.

Catherine Lawrence in Court to Appear Against the Prisoner.

This afternoon in the circuit court the case of The People vs. John Heffner, alias John Plumer, was placed on trial, and attorneys are trying to secure a jury. Heffner is charged with having outraged the person of Catharine in an upper room on Merchant street, one night after he had taken her home from a show. Catherine resisted in vain, and finally ran screaming into the street to give the alarm. Heffner was arrested that night and has since been in jail. Attorney C. C. Leforges appears for the prisoner, and State's Attorney Mills for the People. In case of conviction, the punishment may be imprisonment in the penitentiary one year, or for life.

The court room is crowded with spectators. It was suggested to Judge Vail that all parties under 21 and those above 50 years of age should be excluded from the court room during the trial. He has taken the suggestion under consideration.

Gov. McKinley's Loss Not so Great as Reported.

NEW YORK, Feb. 19.—Concerning the dispatches from Youngstown, O., stating that Gov. McKinley is reported to have lost from $20,000 to $75,000 by the failure of Robert L. Walker, a prominent banker and capitalist of Youngstown, Mr. Abner McKinley, the governor's brother, said this morning: "You can say that the story of my brother's loss is much exaggerated. It is not nearly so large as reported, and what is more, every dollar of paper which contains his name will be paid.

Unfounded Report of an Attempt to Assassinate Gov. Lewelling of Kansas.

TOPEKA, Kan., Feb. 19.—A great deal of excitement was caused at the state house by a report that a man had attempted to assassinate Gov. Lewelling. At 2:30 Sheriff Wilkerson received a telephone to that effect, and with a couple of deputies he started for the state house. On arriving at the state house he found that there was no trouble, although the report had spread rapidly, and a big crowd of people were in the corridor of the east wing.

Will Accept the Reduction.

FORT SMITH, Ark., Feb. 20.—A special session of the Choctaw council adjourned Saturday evening, having been called for the purpose of considering a reduction of $48,000 by congress for the payment of leased district money. The council decided to accept the reduction, and yesterday Green McCurtam and Thomas D. Ainsworth left for Washington to sign deeds to the lands and receive the money.

Actor McKee Rankin Gets a Windfall.

DETROIT, Mich., Feb. 20.—McKee Rankin, whose company is playing "The Danites" in Detroit, will retire from the stage. The company will be disbanded, and the members will be sent home at his expense. The reason given for this is that Mr. Rankin's father, who is dying in a hospital at Windsor, Ont., has turned over all his property—worth $200,000—to his son, who will hereafter look after it to the exclusion of his theatrical business.

LOGAN LETTER.

The REPUBLICAN is indebted to J. T. Roberts, dealer in grain, provisions and stocks, with correspondents in Chicago, New York, Minneapolis and St. Louis, for the following E. G. Logan & Co.'s market letter received over the Roberts private wire:

CHICAGO, Ill., Feb. 20, 1893.

The wheat market opened fairly active at 76¼ May. The outside news was bearish and the pit traders were free sellers which depressed the price to 76¼. Calculations on the visible were for some increase, but it came a decrease of over 700,000 which turned the sentiment and it rapidly advanced to 77 May, and 75⅞ July. The closing price is 76¾. There are no new conditions on the market. The so-called clique are buyers on all such declines as we had this morning. February as a rule is not a bullish month, but crop damage in early March may change values materially. The price is low, but the stocks in sight are large. The wise-heads point to ninety cents or more for wheat. We know nothing beyond the fact that there are some houses where holdings are heavy and that they do not sell it.

Heavy liquidations in corn. May opened 44⅜; sold as low as 43⅜ and closed at 43⅞. Our information is that if cars could be had the movement would be liberal. Demand for carlots is better than it was Saturday.

There is no speculative interest in oats. They close at 33¼.

The provision market was lifeless. A few packers about the only buyers which was about the only feature to it.

Now here is a table of figures which means something. The interpretation of these figures is that we absolutely must clean out our goods before spring and that we cannot wait on the trade but must bring the trade to us. We want to clean out $10,000 worth of these goods if such a thing be possible within the next thirty days. We have to get the money out of them.

+LADIES' SHOES.+

A ladies' dongola shoe which retails everywhere at $3, and which cost $2, we intend to sell at $1.80. That is, we intend to sell ten per cent below ordinary cost.

A ladies' dongola hand-turned shoe, in plain toes, sells regular at $3.50 and $4, costs $2.75, and we will give you every pair you want of them at $2 48.

A lot of ladies' dongola shoes which retail regular at $2 and $2.50, a mixed lot costing $1.50, $1.60 and $1.65 and $1.75, we will give your selection of the whole lot at $1.35 per pair.

+MEN'S SHOES.+

Men's calf shoes, Goodyear hand-sewed, retail regular at $3.50 and $4, cost $2.25; we will sell you one pair or as many pairs as you want at $2.

Men's calf shoes, which retail at $3, cost $2 and $2.25; we will give you one pair or as many as you like at $1. 85 per pair.

From the above you have noticed that on goods which we must close out before spring we are actually taking a loss on the retailer's cost price. We wish we could tell you this fact in a way that you would appreciate it to the extent of buying for future use if you have at present all the shoes which you need.

We continue our unheard of low prices on the James A. Banister and Burt & Mears' Shoes. We want you to buy shoes this month.

$6 FOR $4.75.

The celebrated James A. Banister Shoes, cordovans, regularly sold at $6 and worth the money—in this sale go at $4.75.
